MAKES ATTACK ON JUDICIARY

Police Commissioner in New York Says That the Courts Give Protection.

SEARCHING MOUNTAINS FOR NEW YORK GUNSMEN

Hard Fight Is Looked For As They Are Dead Shots and Desperate Men.

New York, Aug. 4.—Police Commissioner Rhinlander Waldo tonight gave out his first formal statement relative to the fatal shooting. The commissioner recommended a thorough investigation of the charges made relative to the alleged connection between the police and the gamblers. At the same time he aimed a blow straight from the shoulder at the judiciary, declaring that gambling can exist only because the gamblers can obtain what amounts to protection from the courts and asserting that gamblers do much of the corrupt election work of the political parties who place the judiciary on the bench.

Close on the Trail.

While the issuance of this statement was the most important development today it was reported to police headquarters that detectives were close upon the trail of "Lefty" Louis and "Gyp the Blood" Horwitz, the two remaining gang-men sought by the police in connection with the murder, Inspector Hughes spent a third day in personal charge of a force of detectives near Tannersville in the Catskills.

It is now known positively that "Gyp the Blood," "Lefty" Louis and "Whitey" Lewis were in Tannersville last week. Lewis left there to go to Fleischmanns where he was captured. Horwitz and "Lefty" Louis, however, are believed to have remained in Tannersville.

Hard Fight Looked For.

Both "Lefty" and "Gyp the Blood" are known as desperate men, reputed to be dead shots. They are believed to be armed. A hard fight is looked for by the police when the detectives finally attempt to place their hands upon the alleged murderers. Meanwhile, private detectives and police officers are scouring the vicinity of Boston on the strength of a report that both men were seen in that city.

District Attorney Whitman, who has been spending the week end at Manchester, Vermont, will return to this city tomorrow morning and resume his work on the case.

Lieut. Chas. Becker deposed ahead of the throng of witnesses today, in day preparing himself in his cells at the Tombs for his ordeal tomorrow when he will face the grand jury court of general sessions to plead to the indictment charging murder. Neither he nor the other eight prisoners held made any statements today.

TRY TO PREVENT CHICAGO STRIKE

Chicago, Aug. 2—Negotiations were scheduled today to prevent a strike on Chicago's street railway and elevated systems. The official count of the vote of street railway employees at the polls, which closed at 4 a.m. today, has not been announced, but it was said that by a vote of ten to one the men decided to strike unless their demands for higher wages and better working conditions are promptly settled by arbitration.

The strike vote involves the surface lines in all sections of the city and the union asserts the wage demands of the elevated men will have to be settled at the same time. The strike vote is not known, but the prospects are of an immediate tie-up of transportation facilities. Under their agreements the companies and the union have provided for an arbitration board, one member to be chosen by each side and a third member by the first two. The men have presented the demands purporting to show that their present pay does not enable them to enjoy "the American standard of living."

THREE MEN DROWNED.

Freight Steamer Runs Down Motorboat Upsetting it and Drowning Men.

Philadelphia, Aug. 4.—Three men were drowned early today when a motorboat in which they were riding was run down by a freight steamer in the Delaware river, near Burlingham, N. J.

The dead are: Robert Heatherington, 35 years old, Geo. Vandine, 34 years old and Jos. Schudder, 23, all of Bristol, Pa. A one armed man, Geo. Tyler, jr., of Burlingham, N. J., was the only occupant of the motor boat to escape. He was thrown across the bottom of the wrecked craft and managed to remain aft until rescued by the crew of the freight steamer.

According to the crew of freighter, John W. Garrett, from Trenton, the motorboat failed to display any lights and ran directly across the steamer's path.

DISSOLVE DEPUTIES CHAMBER

Action Taken by Joint Cabinet Meeting of Turkish Cabinet and Senate.

Constantinople, Aug. 4.—The cabinet and senate held a prolonged secret joint meeting today and voted for the dissolution of the Chamber of Deputies on the ground that the present extraordinary session of the chambers being a continuation of the previous session and having completed its term, now lapses. It is expected that an irade ordering dissolution and new elections within three months will be issued tomorrow.

Whether the chamber will acquiesce in this ingenious scheme remains to be seen but the tension has become so great that the government is obliged to take prompt action. Strong forces of troops and police are guarding the precincts of the parliament.

Cotton Tariff Bill Passed.

Washington, Aug. 3—The senate today passed 357 to 7 the cotton tariff revision bill which the Democratic majority claims will reduce the duties on cotton and cotton manufactures by approximately 25 per cent. The measure is identical to that vetoed last year by President Taft on the ground that it was not based on official information. Some house members express the belief that the senate will pass it and that the legislation up to the president

MILLIONAIRE SNEED AND WIFE RECONCILED

An End to the Sordid Story of the Love Affairs of Mrs. Sneed, Who Ran Away With Boyce to Canada and Which Cost Four Lives.

Fort Worth, Texas, Aug. 3.—John Beal Sneed, the rich Amarillo banker, who shot and killed Albert G. Boyce, Sr., father of the man who ran away with his wife, has become reconciled with Mrs. Sneed. Mr. and Mrs. Sneed have left Fort Worth and friends say they have gone to Georgetown to where Boyce Sneed formerly lived, to reside.

This puts an end, at least temporarily, to the bitter fight in the courts which led to the spectacular cross-country chase after the runaway and which is held directly responsible for four deaths. Sneed was tried for murder, but the jury failed to agree and they let him go. Young Boyce, with whom Mrs. Sneed ran away, is reported to be in hiding in Manitoba, Canada.

Early last winter, Mrs. Lena Sneed escaped from the Arlington Heights sanitarium here and ran away with Albert G. Boyce, jr., son of a wealthy ranch owner. They took with them $18,000 in cash and easily negotiable securities.

Cross Country Chase.

Sneed chased the pair across the country, telling behind him a trail of the runaways. He finally traced the couple to Winnipeg, Canada, where he overtook Mrs. Sneed and brought her back with him.

The matter created a furore in Texas and the sordid details were persons of wealth and of high standing in society. The elder Boyce aided with his son openly. Sneed was sitting in the Metropolitan hotel on January 13, 1912, when the elder Boyce came in. A quarrel followed, in which Sneed killed Boyce.

Sneed was indicted for murder and the trial set for February 14. Rumors were rife that both sides were trying to intimidate the witnesses for the opposite side.

E. C. Throckmorton, who was to have been the chief witness against Sneed, died February 2. Before he died he said he thought he had been "doped."

Thought Wife Insane.

At the trial Sneed took the stand and swore he believed his wife insane. He said that she had told him that she had been ruined by young Boyce and that she wished to go to South America with him. He said that he drove to the former at the time and would have killed her, but she screamed and their little daughter came in.

About a month later, March 6th, Sneed's father, John T. Sneed, was shot and killed by R. O. Hilliard, a tenant of his, who shot himself immediately afterwards. It was the outgrowth of the trial and inspired by a desire for revenge.

Since that time Sneed has not been in the public eye until the reconciliation with his wife was discovered today.

NEW ROYALIST OUTBREAK.

Government Learns of Plans for New Royalist Conspiracy—Woman Penalized.

Lisbon, Aug. 4.—The government has learned of plans for a new royalist conspiracy and a number of members have been arrested. The woman paid the penalty of her indiscretion today, when she was placed under arrest.

The government claims it has evidence that the conspirators contemplated seizing the ministers of state and the deputies, and that General Conceiva was to make simultaneously a raid upon the capital from the north. Search is being made for the leaders of the conspiracy.

THE NEW PARTY FACES TROUBLE

Lengthy Arguments Took Place on Saturday on Three Contested Seats.

SQUABBLE OVER WHITE AND NEGRO DELEGATES

Col. Roosevelt Is Expected To Be Present Himself on the Scene Today.

Chicago, Aug. 4.—A troublous world confronted the new born progressive party tonight at the end of the first day of political responsibility. After an almost continuous session that lasted from noon today until nearly midnight the provisional national committee of the new party adjourned weary and worn until nine o'clock Monday morning. In the long session the committee had heard arguments on three contested seats in the convention and had decided one.

In that one twelve negroes contesting the seats of twelve white delegates from Albama were ruled out. A bitter dispute over the negro-white delegate question in the state of Florida was the cause of the late adjournment after an animated argument that several times forced the convention to turn out the contestants and the newspaper men and go into private sessions that were fraught with wordy battles.

Barred the Doors

Throughout the day the committee sergeant-at-arms had the doors of the event into star chamber session while a few dejected negro contestants and weary newspaper men cooled in the hotel corridors outside the committee room.

The Florida contest resulted from the sending of a separate delegation by white and negro conventions. The former sent six white men, the latter five negroes and a white man. The negro delegates claimed that H. L. Anderson, provisional national committeeman for Florida, suggested that they hold the separate conventions and produced documents purporting to prove it. Anderson, admitting that he barred the negroes from the white convention defended the action saying that a row at the convention was necessary to be secured in Florida. White men will not follow negro political leaders.

The row aroused among the opposition among northern members of the committee and this argument prolonged the session. An effort was made to adjourn until Sunday, but this was opposed, several committeemen objecting to meeting on the Sabbath.

Thereupon adjournment was taken until Monday at nine o'clock by daylight time. Col. Roosevelt himself may be on the scene.

SOCIETY BURGLAR NOW UNDER ARREST

Chicago Police Recover Jewelry and Art Treasures Estimated to be Worth $250,000—Stolen by Jacob F. Guthrie—Young Man's History Revealed.

Chicago, Aug. 4.—After twenty-four hours' work the police today completed an inventory of the art treasures, bric-a-brac jewelry, silver plate and other articles stolen by Jacob F. Guthrie, alleged society burglar and forger, now under arrest, and announced that the goods recovered are estimated to be worth $250,000.

Last night after a partial examination of the safe and the room in a storage warehouse which Guthrie used to hide a portion of the pilfered stolen, the police estimated the value of the property found at $150,000. This was nearly doubled when half a dozen trunks and chests filled with jewelry, laces and bric-a-brac were discovered. Much of the stolen property was found in Guthrie's home where he lived with his mother, sister and brother, who is a Chicago policeman.

Further investigation of the young man's history revealed that after graduating in a course of electrical engineering at a Chicago technical institute, he obtained employment with an electric company. Later he was employed in the municipal laboratory. Subsequently he was appointed an instructor in electrical engineering at one of the public schools.

Guthrie is 26 years old, six feet in height and weighs 200 pounds. He is pourly dressed although he has arrested he had more than $16,000 deposited to his credit in Chicago banks.

British Workmen on Panama.

Washington, Aug. 3—Nearly three thousand men, many British as American workmen are employed in the construction of the Panama canal. Out of a total population of 62,810 in the canal zone, proper, Great Britain claims 20,259 as citizens, with the U. S. second, with 11,456. Census figures completed March 31 show a gain of 12,597 inhabitants in the one since 1906.

TELEGRAPHIC BRIEFS

Dog Finds Missing Girl.

Washington, Penna., Aug. 4.—After a search of 24 hours the body of Cecelia Funka, the 18 year old Austrian girl, who has been missing from her home at Manifold, three miles northeast of here, since early Saturday, was found at noon today near Washington by a Newfoundland dog which had been her pet for years.

Committeeman Commits Suicide.

Seattle, Wash., Aug. 4.—A private telegram just received from Fairbanks Alaska, said that A. J. Daley, democratic committeeman for Alaska, committed suicide there tonight. No details are given.

Abandon Reciprocity Repeal.

Washington, D. C., Aug. 4.—By a vote of 33 to 28 the senate today agreed to recede from its Canadian Reciprocity repeal amendment to the steel bill. This leaves the bill approved by both houses. It will go to the president at once. The progressives voting with the Democrats to concede were Senators Bristo, Clapp, Crawford, Lafollette, Poindexter, and Works.

Review of Troops Cancelled.

Halifax, Aug. 4.—In the first programs for the reception of His Royal Highness the Duke of Connaught at Halifax a grand review of the troops for the second day of the visit was included. This has now been abandoned because of the difficulty of getting men in the militia to leave their employment.

Seized With Cramps and Drowned.

St. John, N. B., Aug. 4.—John Hendrixs, aged 17, of Norton, in attempting to swim across the Kennebecasis river, near his home, this morning, to bring back a boat left on the other shore was seized with a cramp and drowned in the presence of his brother on the shore.

Charged With Espionage.

Berlin, Aug. 5.—The Lokal Anzeiger publishes a Kiel despatch, saying that Englishmen have been arrested at Ekernforde in Schleswig Holstein on the charge of espionage. It appeared off the coast in a yacht and two of them went ashore. It is alleged that they were making photographs when they were arrested. The police confiscated plates which they found on the yacht and which developed proved to be pictures of every harbor and bay of the Holstein coast. The names of the Englishmen have not been made public.

TREAT GERMAN COUNT AS MERE HOTEL BEAT

Claimed to Have Estate in Germany Worth $250,000—Hotel Manager Says He Formerly Worked With the Count Who is a Rogue One.

Chicago, Aug. 4.—Count Henry von Mirbach Geldern Egmont of Munich, Germany, has, according to his own statements, four castles in Germany, and estates worth about $1,500,000, not to mention four town houses in Munich, twenty-one blooded racehorses and a flock of automobiles.

Last night when the management of the Blackstone hotel suggested that he find other quarters, he searched in vain among his effects for a sum amounting to less than $40, the amount of his bill, and not finding it left one leather handbag, four pair of soiled socks, four soiled shirts, four ties and a repeating rifle.

The "count," who is to be married tomorrow to Miss Margaret Lorenz, several days ago housekeeper of a private sanitorium, faces arrest for the collection of a garage bill of $75. Incidently, he faces the rather humiliating charge of one Edwin Willf, who declares that he and the "count" worked together as porters in a saloon and lodging house.

Sweetheart Will Stick.

While the manager for the garage from which the Count rented the touring car was dogging his footsteps at the Auditorium annex hotel, ready to collect his bill, Miss Lorenz sat in the little living room of the sanitarium at 525 South Ashland Boulevard and flashed love from her eyes into those of the "Count" who sat opposite her.

"We are happy," he said, with a glad ring in her voice, "for I trust his implicitely."

The "count" himself was willing to talk away the disbelief in his nobility.

"I am the real count!" he shouted, and my family can be traced back to the twelfth century. I have estates in Wolfsegorf, Bolenstin, and Friedlinen, own houses in Neurenbaus and live at Strasse, 39 Neuremburg."

Short of Ready Cash.

I have 500,000 marks in cash, but I do not have it with me. That is why I was thrown out of the Blackstone. I have at about $1,000 but did not have with me the money to pay my bill.

When asked why it was that no one of the many names to which he and his family answered to appeared in the Almanach Gotha, he replied that a morganic marriage of his father had resulted in the oblack-listing of the family name.

And with a final statement in reference to the marriage tomorrow and his leaving Chicago directly following, "Count" von Egmont hurried Miss Lorenz from the sanitarium and into the waiting motor car.

MAY NOT SIT IN OTTAWA

Agitation Among Federal Members to Have Sitting of Parliament Elsewhere.

ROUND ROBIN, IT IS SAID, BEING SIGNED

Ottawa Citizens Are Censured Because of Lack of Efforts to Prevent Disease.

Ottawa, Aug. 4.—The Ottawa Journal declares that a movement is on foot amongst a number of influential members to ask the government to hold parliament in some other city than Ottawa this fall, owing to the typhoid epidemic. Toronto or Winnipeg is suggested.

The Journal says that a round robin is being circulated at the present time. The Journal quotes a member of the house without giving his name, as follows:

"A number of members have been in communication with others, and it has been practically decided that in the event of the present epidemic being unchecked, we will, when parliament opens this fall, move for an adjournment and agitate for a session in some other city, perhaps Toronto or Winnipeg, where we will have protection from foul disease.

Will Not Endanger Lives.

"The citizens of this city cannot and the citizens of the country do not expect us to come here, where, because of apathy, or sheer incompetency of the civic authorities, there is not pure water to drink, and the health and even lives of our families are endangered.

"But do you not think that it would be impracticable and well nigh impossible to move the whole of parliament to another city at such short notice?" was asked.

"We all realize the difficulties and obstacles which would be encountered, but the scheme is not impossible, while on the other hand it is quite justifiable, and should this epidemic which you have here continue to grow at its present rate, it is the only thing. Our wives and our children object to our coming to a city which is a menace to life."

Ottawa Must Take Action.

"If Ottawa desires to continue as the national capital, and by the head of the city is expected to do, is to guarantee as far as possible the health of the government officials. The city must endeavor by some to beautify this city and make it worthy of a national capital, and their efforts are being undone by a record of civic maladministration, which is advertising this city from Vancouver to Halifax as a pest hole of disease."

SUCCEEDS LATE BISHOP CAMERON

Rev. Dr. Jas. Morrison, of Prince Edward Island, Chosen Bishop of Antigonish.

Halifax, Aug. 4.—Rev. Jas. D. Morrison, D.D., of Vernon River, P. E. I., Vicar General and administrator of the diocese of Charlottetown, has been appointed Bishop of Antigonish, in succession to Bishop Cameron, who died about two years ago.

The new bishop is a native of Tracadie, N. S., where he was born some 45 years ago. He was educated in Charlottetown and at the college of the propaganda where he received the degrees of Doctor of Divinity, and Doctor of Philosphy ,and twenty years ago was assigned to the priesthood. There he became rector of St. Dunstan's College, Charlottetown and afterwards rector of St. Dunstan's cathedral, the erection of which cost about $250,000 was his great work and was entrusted to him by Bishop McDonald.

When he was transferred to Vernon river, where he became parish priest for several years he has been often later of the diocese of Charlottetown, the health of Bishop McDonald making this necessary.

Many Drowning Accidents.

London, Aug. 4.—Nine boy scouts were drowned today by the capsizing of a cutter off Sheppey Island. A large party of boy scouts were practicing with boats from the summer camp on the island.

Four young men of the Mission canal, Brighton were drowned today while bathing. Several other bank holiday fatalities are reported.

Maniac Runs Amuck.

South Haiti, Texas, Aug. 4.—The tragedy of a maniac run amuck here last night and with a double-barreled gun, shot and wounded five persons, three perhaps fatally, then set fire to a hotel which burned to the ground. Sheriff Dennis, of Jefferson county, with a posse has started for the scene. Nurses accompanied the posse.

DEATH OF JAMES B. IGN

An Oil Lamp Exploded, Cau a Fire, Which Fatally Burn

St. Thomas, Ont., Aug. nes Balkwill Ignace, a well k ness man of St. Thomas last night in the Amazo We pital from burns received duri fire in his carriage factory yes after noon.

The deceased was r some materials for upholst from a car storeroom in the attic o his warehouse. In some unknown manner an oil lamp he was carrying exploded and ignited the dry materials. In an attempt to put out the flames his clothing took fire, and by the time he was rescued by the city firemen he was fatally burned.

What is Beer and Why?

Washington, Aug. 2—What is beer and if so, what are two questions Representative Anderson, of Minnesota, wants Secretary Wilson to answer. Mr. Anderson asked the house committee on agriculture today for the answer and later introduced an amended resolution calling upon the department of agriculture for them. Mr. Anderson's only curiosity is to know when beer is not beer. His amendment raises barley which they believe is the only grain which should go to make up beer, and that other concoctions are a snare.

COL. ROOSEVELT WILL MAKE NO COMPROMISES

National Progressive Party Must Accept His Political Doctrines If He Is To Be Their Standard Bearer—Criticises Taft Strongly For Action Towards Negro.

Albany, N. Y., Aug. 4.—The national progressive party must accept Col. Roosevelt's political doctrine if he is to be its standard bearer. He said tonight on his way to Chicago that he would insist upon making his "confession of faith" to the delegates before the convention which is to draw the platform, makes its final report and that he would not accept the nomination on a platform which did not meet with his approval.

Col. Roosevelt's speech was originally scheduled for Monday night. It was suggested to him that the time of the delivery be postponed and he sent word to his managers that he would not consent to a delay until after the draft of the platform had been made public. The announcement advance copies of the speech reached the leaders of the new party several days ago. Mr. Roosevelt said nothing, however, to indicate that the suggestion for a delay in the delivery of the speech was due to the impressions of those who had read it.

Cannot Make Compromise.

Col. Roosevelt contends that it was up to the leaders of principle that he left the republican party, and now that he has done so, he cannot make a compromise in accepting the leadership of the new movement.

His declaration of political faith, he says, is one which will be formed either socialism of anarchism, and probably both, but it represents his convictions.

He goes to Chicago to make these views known to to receive the presidential nomination only if they are accepted in the substantial provisions in the new party.

Col. Roosevelt left Oyster Bay early in the afternoon by automobile for New York where at four o'clock he took a train which will be due in Chicago early in the morning. He was accompanied only by Mrs. Roosevelt and his secretary.

Criticised Taft Sharply.

The appointment by President Taft of Mingo Saunders who was a sergeant in the Twenty-Fifth infantry regiment discharged from the army by participation in the Brownsville Texas riots, as a messenger, led Col. Roosevelt to criticise the president sharply.

"So far Saunders," said the Col. "was duly elected and most respected non-commissioned officer in the company, which, on the recommendation of the officers of the company, were discharged without honor in 1906.

"In his report and recommendations, Mr. Roosevelt explicitly stated that the veteran non-commission officers in charge of the battalion were, of course, morally responsible for what occurred that the others and nothing has been done since to alter the position of Saunders except his use by Mr. Taft's campaign managers in Ohio. In fact, he was discharged by Mr. Taft's recommendation of his military record. He is reinstated under Taft on his political record. If Mr. Taft did not tell the truth by Saunders and his report as secretary of war, were discharged without honor in 1906.

"In his report and recommendations, Mr. Roosevelt explicitly stated that the veteran non-commission officers in charge of the battalion were, of course, morally responsible for what occurred that the others and nothing has been done since to alter the position of Saunders except his use by Mr. Taft's campaign managers in Ohio. In fact, he was discharged by Mr. Taft's recommendation of his military record. He is reinstated under Taft on his political record. If Mr. Taft did not tell the truth, then his reinstatement of Saunders in the public service is still less in need of any characterization.

Municipal Road Issues.

Toronto, Aug. 4.—The municipal bond sales in Canada for July amounted to $1,987,316, compared with $1,690,444 for July, and $1,544,666 for the corresponding period last year. Seven provinces were in the market. The largest sales were made by Halifax, Brandon, Medicine Hat and Moose Jaw. The following are the particulars by provinces: Ontario $492,921; Nova Scotia $464,746; Saskatchewan $349,333; Manitoba $288,879; Alberta $283,733; New Brunswick $100,000; Quebec $85,000.

ELECTION LAW GROWS STRICT

Bill Introduced Into British Commons to Further Make Parliament Independent.

LIMITS EXPENSES OF CANDIDATES

The Law Against Corrupt Practices in British Isles Is Very Strict.

London, Aug. 5.—A bill has been introduced in the House of Commons to prevent the indirect influencing of parliamentary constituencies by candidates and members of parliament by means of subscriptions to certain religious, charitable, public or semi-public institutions or enterprises.

The bill would include all such payments in the candidates' election expense, a return of which he has to make under the present law. Payment of subscriptions to clubs or societies of which a candidate is a bona fide ordinary member would be excepted, providing they did not exceed $250 a year, while contributions to any funds or organization which is exclusively political are also expressly omitted from the scope of the measure.

The law against corrupt practices at elections in the British Isles is already very strict, and any expenditure beyond that specially permitted by law invalidates an election. There is a feeling, however, among the candidates themselves that the cost of running an election and holding seats is excessive, and it is with a view to doing this down that the present measure has been proposed.

FRENCH STEAMER ARRIVES.

French Strike Has Had Marked Influence on Shipping to New York.

New York, Aug. 4.—The arrival today of the steamer Savoie today was the first appearance of a mail steamer of the French line in these waters in six weeks. Strikes existing along the French water front crippled trans-Atlantic trade. All the steamers of the French line laid off during the strike, but the regular trips are now resumed.

The strike leaders, it was said by some of the officers, were severely criticized by the French public for the manner in which they started the strike.

Aviator Injured.

Battle Creek, Mich., Aug. 4.—Hilary Beachy, an aviator, was badly injured here today when he made his aeroplane, after slighting from a short flight, sped along the ground and crashed into a chicken coop. Beachy was picked up unconscious and an examination disclosed several broken bones, but his injuries are not considered fatal. Beachy, scheduled to give an exhibition flight, was performing before a large crowd when the engine balked, causing him to descend.

For Governor of Illinois.

Chicago, Aug. 3.—State Senator Frank H. Funk, of Bloomington, was unanimously nominated as candidate for governor of Illinois by the State Progressive convention after the name of Robert H. Eaton was withdrawn this afternoon.

Borden Visits Asquith.

London, Aug. 2—Premier Borden paid a visit to Premier Asquith at the official residence, No. 10 Downing street today.

STEAMSHIP MOVEMENTS.

Arrived.

At Montreal—Hurona from Hull; August Tutor from Liverpool; Bornu from Progreso; Manchester Importer from Manchester; Letetia from Glasgow; Corsican from Liverpool.

At Quebec—Scandinavian from Glasgow.

At Kingshead—Almerina from Halifax for Liverpool.

At Rimouski—Canada from Montreal for Liverpool; Tunisian from Montreal for Liverpool.

At Brow-head—Corinthian from Montreal for Havre.

At New York—California, from Glasgow; Rotterdam from Rotterdam; Louisiana from Havre; La Savoie from Havre.

At Boston—Bernia from Hamburg.

At Moville—Caledonia from New York.

At Plymouth—St. Paul from New York; Prince Frederich Wilhelm from New York.

At Southampton—Neckar from Baltimore.

Sailed.

From Montreal—Albania for Glasgow; Mesantic for Liverpool; Canada for London; Manchester Trader for Manchester; Scotian for London and Havre; Manxman for Bristol; Braxhead for Belfast; Jacona for Newcastle and Leith; Fulanza for Barcelona.

NEWS OF THE SOUTH SIDE

EAST END BRIDGE IS NEARLY COMPLETED

Gang of Men With Teams Are Now Engaged in Grading Work—In Several Weeks the Bridge Will Be Ready for Use.

The East end bridge across the Saskatchewan is now being floored. The provincial government has a gang of men with teams and scrapers making the grade up the southern slope of the valley. In a week the floor of the bridge will be laid. In ten days the graders will have the grade so it will be possible to cross from the south side approach, and in about three weeks the south side grade and approach will be finished. There is still work to be done on the north side approach by the city, who will have charge of that work, for it is in the city limits. No doubt it will be rushed as soon as started.

The grade on the south side at the East end bridge will have a maximum of about seven per cent and will be twenty-six feet wide, allowing ten feet for car tracks and sixteen feet for roadway.

The grade will follow up the side hill to the top, where it will turn southerly to the Clover Bar road. The route of the street car line after the hilltop is reached is problematical and has not yet been definitely decided. No doubt in time it will be connected with the extension being laid this year on Whyte avenue east so as to make a loop or belt line connecting with the other bridges.

Working on West End Bridge.

The blasters are busy now at the top of the second pier of the High Level bridge, and the new concrete cap on the first pier will soon be ready for the steel structure. The blasting and the re-capping of the piers will not cause so very great delay, for the riveters are still busy on the steel already erected. The false work is being erected in the river between the first two piers. In fact, part of the wooden false work is now up as high as the first pier.

The workmen on the false work reach the bridge by being carried up to the top of the high level and then the long arm of the big crane reaches out over the space past the first pier and a big rope is let down. The workmen stop work to push the swinging timbers to place upon the false work.

Are Common Occurrences.

To the spectator on the ground the swinging men look like pigmies. Such incidents are but common occurrences to the men of the high level gang, who almost any day may be seen balancing upon a steel beam, swinging away up in mid-air.

While building the false work the workmen have to cross and recross the current. They use an old boat and a rope cable.

OFF FOR PLEASANT HOLIDAY.

Mr. and Mrs. W. M. Reynolds, Miss Magee, Mr. and Mrs. Lansmald have left for the end of steel on the G.T.P. for a fortnight's camping in the mountains. Fishing and mountain scenery will be features of their holiday.

SOUTH SIDE FUNERALS.

Helen Kathleen Rancroft, aged 10 years, died at the general hospital on Saturday and will be buried this afternoon at 2:30 from the residence of Mr. Boehner on Second avenue northwest, between Seventh and Eighth streets. R. Wainwright has charge of the funeral.

Florence Georgina, the 4-months-old baby of Mr. and Mrs. Walter Gale, died on August 2nd, and was buried Sunday afternoon at 1:30 at Mount Pleasant cemetery. Rev. C. Carruthers, rector of Holy Trinity church, held a service at the house and at the grave. The funeral arrangements were in charge of R. Wainwright.

SOUTH SIDE HOTELS.

Strathcona Hotel—P. N. Andrews, Calgary; M. Johnson, Leduc; Archie Gow, Grouard; A. McLeod, Calgary; Simon Hahnentery and wife, B. L. Greentree, Mrs. D. F. Miller, James Houghton, F. Francour, Camrose; S. C. Hodgson, Calgary; J. S. Boggs, T. Donohen, B. View; D. F. Maitland, Winnipeg; D. D. Ouchton, Calgary; G. Hedemann, Blackfold.

THE HOBSONS, one of the attractions at the Selle-Flato circus here on Saturday, August 10th.

ADDITIONAL SPORT

CAPITALS LOSE.

Cornwall, Ont., Aug. 2.—Cornwall broke the Capitals' winning streak today after one of the hardest fought games ever seen on the local grounds. The final score was 3 to 2, and it took anybody's game until the final whistle blew. Capitals scored the only game of the first quarter, Cornwall taking the lead by no less than two in the second. The Capitals came back with the clean goal in the third, but Cornwall went out in the fourth by scoring the only goal of the period. The match was rougher than previous ones this year, probably because more was at stake.

Cornwall—Smith, Thompson, F. Degan, Sommerville, Baker, F. Cummins, L. Degray, A. Degray, Ransom, R. Degray, Cummins, E. Thompson.

Capitals — Benedict, Fairbairn, Eastwood, Pringle, Sarasin, Shea, Dooley, Hall, Reed, Murton, Lavalle, Jacobs.

Referee—Roddy Finlayson. Judge of Play—James Kavanagh.

SHAMROCKS DEFEATED.

Montreal Aug. 3.—The Shamrocks went down to defeat today at the hands of Montreal to the tune of 9 to 4.

The line-up:

Shamrocks—Valleres, Clinger, Barry, Mullins, Allison, Ellard, J. Quinn, McIntyre, Manroe, Brennan, M. Quinn, Butler, Frank McGuire.

Montreal—Egan, Thompson, Finlayson, Shane, Kenna, Brady, Rafferty, Molly, McDonnell, F. Hogan, Walsh, Jogan, Tom Cardled.

Referee—Dave Reynolds. Judge of Play—Ed Robinson, Shamrocks.

IRISH-CANADIANS WIN.

Montreal, Aug. 3.—The Tecumsehs and Irish-Canadians met here in their big four fixture. The Irish-Canadians had it all their own way, and won 6 to 3. The line-up:

Tecumsehs—Kinsman, Green, Yeamans, Gregadon, Feller, McKenzie, Rowntree, J. Gorman, G. Scott, Hope, Guerrie, Lillie.

Irish-Canadians — Brennan, Neville, Gagnon, White, Mundy, Aepel, Kane, F. Scott, Gordon Roberts, H. Scott, G. Roberts, G. George.

Referee—E. C. St. Pierre. Judge of Play—Dick Lillie.

New York, Aug. 4.—Twenty-two rowing clubs of the United States and Canada will compete in the fortieth annual regatta of the National Association of Amateur Oarsmen on Peoria Lake at Peoria, Ill., next Friday and Saturday, according to the official list of entries announced by Secretary Fortmeyer here tonight. Winnipeg Rowing club has entries in eight of the twelve events. The championships single scull event will be between R. H. Butler, of the Argonauts R. C., of Toronto, and F. H. Shepard, of the Harlem R. C., New York.

Russo-Japan Alliance.

St. Petersburg, Aug. 3.—The political director of the Novoe Vreyma, Engroff, is to leave next week on a semi-official trip to Japan and possessions which is to last two months. The trip coincides with the diplomatic conversations that are proceeding with a view to a Russo-Japan alliance.

Another Aeroplane Accident.

London, Aug. 4.—An aeroplane with pilot and two passengers crossed the English channel from Donal this morning in a storm. The aeroplane landed at Ashford, Kent, but owing to the heavy wind, collided with a tree. The wings were smashed but the occupants were not hurt.

Marquis in Bright Nobility.

London, Aug. 3.—The Marquis of Anglesey and Lady Marquess Manners, the Duke of Rutland's eldest daughter were married at St. Peter's church, Eaton Square today. The Marquis of Anglesey, who is 37 years old, owns about 20,000 acres of land and half a dozen castles and has an income of $550,000 a year.

Baby Found Beside Railway Track.

Lincoln, Neb., Aug. 2.—A baby girl apparently less than a week old, who had been placed in a valise and thrown from a train, was found on the outskirts of Lincoln today by a laborer, who carried the child to his home and notified the authorities. The infant had seemingly been lying for several hours beside the track, but was little the worse of it, and is expected to live. There is no clue to its parents.

MANY NEW COMPANIES.

Ottawa, Aug. 5—Incorporations by the Dominion government under the Companies' Act has apparently become an important source of revenue. Applying to the notices of incorporations granted during the past month with the scale of charges levied by the state department under the act, it would appear that the receipts from this source must net the federal exchequer an average of about $40,000 a month. During this week the following companies have been incorporated:—

B. F. Sturtevant Co. of Canada, engines and aeroplanes, capital $50,000; Dodds Pump company of Canada, capital $50,000; Franco-Belgian Investment Co., capital $100,000; North British Securities company, capital $25,000; The Fire Prevention Co. of Canada, capital $50,000, all with headquarters in Montreal.

The most important incorporation granted during the week was that of the Dominion Bridge Co., with a capital of $5,000,000, headquarters in Lachine, near Montreal. The charter of the company enables it to enter into a working agreement with other companies in the manufacture of bridges.

Incorporations have also been granted to North American Jewelry Co., of St. Jean, Quebec, capital $50,000; the Canada Steel Goods Co. of Hamilton, capital $600,000; the York Publishing Co. Toronto, capital $50,000; the Montreal Cafeterias company, capital $50,000, and Gordon Davies Limited, meats and provisions, Haileybury, Ont., capital $250,000.

TO ACQUIRE C. N. R. LANDS.

Montreal, Aug. 3.—John F. Hansen, general manager of the North Saskatchewan Land company, limited, was one of the passengers on the Royal Edward. Mr. Hansen has just completed the financing of several large land deals in London, England. He has arranged for the organization of the Kindersley Saskatchewan land company, with a capitalization of one million dollars, to acquire a large block of Canadian Northern farm lands, in the Kindersley district. Also for the Vermilion cities of Canada, Ltd., to purchase lands in the Canadian Northern Townsites, of Montreal, Toronto and Port Arthur. The latter company will have a capitalization of five millions, Mr. Hansen spent the day in inspecting the progress of the tunnelling operations at Mount Royal, and leaves tonight for Winnipeg.

Regina Leader—Mr. Somers is a bitter opponent of reciprocity. He is one of the "noble eighteen" in Toronto, who brake with the Liberal party on the tariff question, he tries hard to convince himself—and the people—that reciprocity is no longer a live issue. His recent trip has shown him, however, that reciprocity is the question of paramount importance in the prairie provinces. It has shown him, moreover, that our farmers have good grounds for crying out against existing conditions and, to his credit, he admits the fact. Where he makes his mistake is in suggesting half measures as the complete remedy for an intolerable state of affairs.

Reduced freight rates are absolutely necessary. Elevators and drying plants are undoubtedly good things. But they are not sufficient to meet the needs of the west.

Mexican Government Orders Rifles.

Berlin, Aug. 3—The Mexican government has placed an order for rifles and ammunition to the value of $512,000 with the Mauser small arms factory at Oberndorff-Wurtemberg. The rifles and cartridges are to be delivered immediately.

ACQUITTED OF THE CHARGE.

Mrs. Grace Did Not Attempt to Murder Her Young Husband.

Atlanta, Ga., Aug. 3—Dandy Optic Grace, acquitted yesterday on the charge of attempting to murder her youthful husband, said this morning that she would leave either tonight or tomorrow for Philadelphia to live.

"Her statement that she did not shoot me in the hope of killing me and securing $25,000 life insurance is a tissue of lies," said Eugene Grace.

Grace plans to consult specialists soon in the hope of regaining the use of his legs. They have been paralized since March 9th, when he was shot, the bullet lodging against the spine.

Mrs. Grace refused today to discuss the question of divorce. Attorneys for Grace already have announced they will institute suit.

DOG IN THE MANGER OVER POWER SITES

U. S. War Department Refuses to Permit Private Capital to Develop Water Powers of Country.

Washington, Aug. 3—War was declared today between the House of Representatives and the war department on the question of granting individuals the right to take water power sites, when Chairman Adamson, of the House interstate commerce commission, wrote a sharp letter to Secretary of War Stimson concerning the problem. Mr. Stimson previously had written to Mr. Adamson protesting against an omnibus water power site measure reported favorably by his committee and in which were several bills which had been subject to the attack.

In answering the secretary, Mr. Adamson did not mince words. "Your letter presents a singular mixture of incorrect statements long well known, unwarranted conclusions and erroneous opinions of both law and the facts," he wrote.

Mr. Adamson declared the government could not undertake to develop all the projects that will be held necessary to the advancement of the country and that private enterprise with which strict limitations should be allowed to invest its capital and energy in that development. He asserted that he was not a believer in "trust" and insisted that the secretary of war, "if he did his duty," had legal means and power to safeguard the government in all such cases. Mr. Adamson condemned the existing law which prevented capital from undertaking water power development work. He said hundreds of water power sites, which might be adapted to the public good, were undeveloped.

"The difficulty," he wrote, "is that the projects were so numerous and expensive that it was, and still is, impracticable for the government to construct and operate all these enterprises rapidly enough to promote the interests of the people, the development of the country and the navigation of the rivers."

Reward For Capture of Lyons.

Calgary, Aug. 3—A heavy detail of mounted police and every available constable of the Calgary police department, a force of more than one hundred men in all, are guarding the bush across the Bow river and close to Prince's Island, where Dick Lyons, the slayer of Brakeman Blair, is believed to be in hiding. The Canadian Pacific last night offered a reward of $500 for the capture of Lyons.

Station Agent Shot To Death.

Chicago, Aug. 3—Wm. Meise, sixty-two years old, station agent at the Central avenue station of the Metropolitan West Side elevated railway, was shot to death tonight by two robbers who escaped after taking the contents of the cashier's drawer, $5.18. One bullet entered Meise's brain and two struck him in the left shoulder and one in the neck.

Certain in results—because purest in quality; try it and see.

ALBERTA'S BEST BAKING POWDER

PROSPECTS LOOK BRIGHT FOR KEYSTONE PORTLAND CEMENT COMPANY

Everything which should make for the success of a company is found in the conditions surrounding the Keystone Portland Cement Company with works at Hairmore, Alta. The Company has its raw materials close at hand, it has an ever-enlarging market for its output within a radius of a few hundred miles, and at the same time estimates show that the company can manufacture cement at a lower cost than any of the existing plants in Canada. Its nearness to the large and growing Western Market eliminates the heavy freight charges which eastern Cement companies are forced to pay, while the market for cement in Western Canada is continually enlarging, and with the growth of the Western cities and the settlement of the farms is bound to remain the best market in Canada for Cement.

As an example of the growing needs of the West it need only be pointed out that last year over 200 new towns were established in the Prairie Provinces. The larger Western cities have shown phenomenal increases in building statistics. Thousands of miles of new road have been built by the railroads and existing lines established and improved, and cement and steel bridges substituted for wooden structures, while on the farms the scarcity of lumber has forced the farmers to make an ever-increasing use of cement for the building of barns, siloes, stables, etc. The City of Calgary alone required 1,000,000 barrels of cement this year, while every other large town and city throughout the west is handicapped in building operations through the lack of cement. It looks like a very wise movement on the part of the Keystone Portland Cement Company to locate their offices and plant where the demand for cement is bound to be brisk.

SUNDAY FOR STAGE FOLKS.

Princess Victoria, the miniature Madame Melba, who will appear at the Edmonton exhibition as a feature attraction, is a firm believer in Sundays for stage people. This diminutive little lady, who weighs but 19 3-4 pounds and is but 25 1-2 inches in height, is over 22 years of age, is well read, has travelled all over the world and has the opportunity of observing the customs and conditions in many countries. She was brought up with a strict regard for the Sabbath and still favors the observance of the day, particularly in the case of theatrical performances.

"I would welcome blue laws in every country," says the little princess, "if the performers might have that day of rest. It seems that the French idea of making the day for rest but once in ten days is not very popular with us, and France found it impossible to keep up its health standard while this law prevailed, so back to the seventh day of rest the people of that most volatile of nations went."

IN THE REALM OF WOMAN

BY PENELOPE

Mons. Raymond Brutinel, who returned to Paris some time ago, is expected to arrive in the city shortly. He will be a guest at the King Edward.

* * *

Miss Lenore McMeans, Winnipeg, is in the city, the guest of Major and Mrs. Cuthbert.

* * *

Mr. F D. Kerr, barrister, Peterboro, is in the city visiting his sister, Mrs. Donald Macdonald. Mr. Kerr may accompany his sister and brother-in-law to the coast.

* * *

Miss McAlpine leaves this week for the coast.

* * *

Everyone is delighted to hear that Mrs. Gillespie, who was very ill in the hospital, has sufficiently recovered to return home on Sunday.

* * *

Mrs. Brunton is having a little holiday at Gull Lake, the guest of Mrs. Nightingale.

* * *

Miss Sowden has left for a fortnight's visit to the coast.

* * *

Mr. Louis Casault has left for his old home in Quebec, where he will spend a holiday.

* * *

Mr. and Mrs. D. S. Macfarlane, Twenty-fourth street, have returned to the city after spending a holiday at Seba Beach, Lake Wabamun.

* * *

Mrs. Donald and son Bruce, of Grouard, are in the city. This is Master Bruce's first visit to a city, and his interest in everything is delightful to see.

* * *

Mrs. Robert Hare and daughter left this morning for Elk Island Lake, where they will spend a fortnight visiting friends.

* * *

Mr. Dickins, Mr. Nash, Mr. Burnham, Mr. Redlich and Mr. Bradburn are among those who expect to play in the Calgary Tennis Tournament.

* * *

Mrs. W. J. Clarke and Miss Clarke are the guests of Mrs. N. Asselin, St. Albert.

* * *

Ladies who are interested in drawn linen and crochet work received from the mission schools in India are requested to reserve next Wednesday afternoon, as the work committee has arranged to hold the sales on that date at the residence of Mrs. Fred Ross, Victoria avenue. Further announcement will be made later.

* * *

Miss Jean MacDonald returns home today after a holiday spent at the coast.

* * *

Friends of "Kit" (Mrs. Theodore Coleman), all over Canada will be interested to hear of the engagement of her daughter, Miss Kathleen, (Patsy), to Mr. Hulbert Footner, a young Hamilton man who has made a success in New York in magazine work, and who is also the author of several stories of Northern Canada which have appeared in book form.

* * *

The Gull Lake season is now in full swing and many well known Edmonton people are occupying cottages at the lake. Col. Belcher, Hon. C. W. Cross, Dr Duncan Smith, George Shepheard, Dr. Archibald, Mr. McChardy and Mr. Dawson and many others are established at the Lacombe summer resort and have been entertaining large week end parties from Edmonton and elsewhere.

The Gull Lake trail is being put into good condition and motor cars can now run out to the Lake from Lacombe in twenty minutes. Several motor boats have been added to the fleet. Dr. Archibald's large launch which he purchased in New York, is now in the water. A regatta will be held on Saturday and some close sailing races are expected as a keen rivalry exists between the owners of the sailing craft.

* * *

Mrs. Dickins' cozy drawing room was the rendezvous of hosts of smartly gowned women who defied the unfavorable weather to go and chat with this charming hostess and enjoy her hospitality.

Mrs. Dickins was wearing a French frock of foulard silk in the Royal blue and white tones, dainty lace garnitures relieving it.

Mrs. Robert Mays, who assisted the hostess in the drawing room, wore a becoming champagne toilette.

A profusion of larkspur interspersed with fragrant strands of mignonette standing in the centre of the table, was very picturesque. Here Mrs. Williamson Taylor, Miss Forsythe and Mrs. James Smith did the honors. Mrs. Lane, Mrs. J. D. Ponton, Miss Sommerville and Miss Seymour passed the dainties.

A few of the guests noticed were Madame Cauchon, Madame Joseph Cauchon, Mrs. Burnham, Miss Manson, Mrs. Frith, Mrs. Sommerville, Mrs. Cardell, Miss Crosskill, Mrs. Ince, Mrs. Balmer Watt, Mrs. Hislop, Mrs. C. R. Mitchell, Miss Jones (Detroit), Mrs Duncan Marshall, Mrs. Bidwell, Mrs. Jenkins, Mrs. T. C. Douglas, Mrs. Ralph Douglas, Mrs. McHaffie, Mrs. Darby, Mrs. Short, Mrs. Arthur Archibald, Mrs. Bruce Graham, Mrs. Jack Smythe, Mrs. Benson, Miss Sowden, Miss Carroll, Mrs. Donald Macdonald, Miss Bradley, Mrs. Stocks, Mrs. Chalmers, Mrs. Jackson, Mrs. Graydon, Mrs. T. Chadwick, Miss Cook, Mrs. Farquharson, Miss Harris, Mrs. Richards and others.

—For the BEST in

Amateur Finishing

LANDERSON, First St. Phone 1784

At seven o'clock on Thursday night All Saints' church was the scene of an interesting event, when Miss Gertrude Margaret Foreman of Winnipeg was united in marriage to John Douglas Mathews, also of Winnipeg. Archdeacon Gray officiated. Mrs. Hyatt Cox was the matron of honor; Dr. W. Harold Brown the best man. The affair was a quiet one, the only guests present being Mr. and Mrs. Hyatt Cox, G. W. Swalsland, Alex. Stettler. Mr. and Mrs. Douglas Matheson leave tonight for Winnipeg, Toronto and New York.

THE OCEAN WAVE TRIMMED WALKING SKIRT—An effective braid-trimmed fall walking suit of white French broadcloth, trimmed with ocean wave design braid. Braids will play an important part as trimmings this fall.

ENTERTAINMENTS

ALBINI AGAIN COMING.

Albini and his talented company will reappear at the Empire again tonight for the entire week.

Of the company's recent appearance in Grand Forks, the Herald of that city says:

"The entertainment given by the Albini-Avolo combination at the Metropolitan last night was without any question the best vaudeville entertainment ever given in the city by any company at any time. The company is advertised as a company of stars, and that is exactly what it is, for there is not a number on the long and varied program that is not splendidly done, and worthy of a prominent place on any program. The great feature of the entertainment is, of course, the wonderful illusion work of Albini, the master magician. Grand Forks audiences are familiar with the work of Hermann, Keller, and a dozen men of lesser note, but there has never been given here by any of these performers, no matter how notable, a series of illusions that compare with those presented last night by Albini. The closing number of Albini's program was that of causing a young lady, who was suspended in mid-air without visible means of support, to vanish instantly and completely, before the very eyes of the audience. Other numbers were equally mystifying, and almost equally startling."

NO LARGER THAN A DOLL.

One of the chief attractions of the Kline shows which will exhibit at the Edmonton exhibition is dainty little Princess Victoria, an Australian singing comedienne, who is about as big as sixty seconds. She is known in vaudeville as the minature Madame Melba, and while her voice has scarcely the volume of the famous prima donna, she has a splendid singing voice and a winning personality that makes her entertainment nothing short of marvellous. Princess Victoria looks all she claims—the smallest entertainer now before the public. She has to be seen to be appreciated. Her height is but 25 1-2 inches. She weighs only 19 3-4 pounds, and was born in far off Australia over 22 years ago.

The countless discomforts and inconveniences that the average traveller undergoes, on the regulation Pullman sleeper, would become positive hardships to a diminutive ladys of Princess Victoria's size. Imagine a person only 25 1-2 inches high, struggling into a Pullman berth, and if she were by chance, forced to take an upper—she would have to be stored away by the unfeeling porter, like a doll on a toy shop shelf. No chair in the ordinary dining car is high enough for her to sit on with any comfort, and the attention she always attracts from a car full of curious passengers is at times very annoying. To do away with any possible uneasiness on the part of the little princess, Manager Abrahams has secured a special private car, completely and luxuriously furnished, from the state room with its minature bed, and dresser, a perfectly finished bathroom, [illegible] dining service, kitchen, and glass enclosed observation platform. In this royally equipped travelling home, the little doll lady lives during her journeys across the country, and with a well trained corps of maids, footmen and porters there is no comfort lacking in her palace on wheels.

ENGLISH WOMAN ARRESTED.

In Lisbon on Order of Military Authorities.

Lisbon, Aug. 2—Miss Alice Oram, the correspondent of a London daily paper, was arrested today after a domiciliary search of her residence had been authorized by the military authorities who seized a number of documents. The British minister to Portugal has taken up the defense of his countrywoman, the charge against whom has not been made public. Miss Oram has long been a resident in Cintra, near Lisbon, and was closely connected with the Royal Court. Miss Oram under the pen name of "Celia Roma" has translated into Portuguese many American and English books and plays.

REMARKABLE LOST WILL CASE.

Minneapolis, Aug. 2—North Dakota has a remarkable "lost will" case involving a $$2,000,000 estate left by a victim of the Titanic disaster, and affecting two Minneapolis organizations, the Plymouth Congregational church and the Minnesota Division of the International Sunshine Society, which has headquarters in Minneapolis.

The estate is that of H. R. Chaffee, of Amenia, N.D., who lost his life on the Titanic and who, according to his wife, had drawn a will naming two Minneapolis organizations among the legatees. In Fargo today Mrs. Chaffee, who says she desires to carry out the wishes of her husband, began a legal fight to prove the contents of the will even though the document itself has been lost. It is said that her two sons oppose this action and will demand that the estate be divided according to the inheritance laws of North Dakota. Chaffee placed his wife on a lifeboat and refused to leave the Titanic.

Gift to Canadian Museum.

Ottawa, Aug. 2—Canada's historical collection is to be enriched by a gift received by the government under curious circumstances. The donor is Mrs. E. M. Mastin, Stratford-on-Avon, whose father, Stephen Mastin, was for sixty years a page in the household of the Duchess of Kent and of the late Queen Victoria, a godson of the former and afterwards one of the Queen's private almoners. Mrs. Mastin has written to express her deep interest in the Canadian people and to state that she proposes as a mark of this interest to bestow, for the benefit of the Canadian museum, her collection of rare objects given by Queen Victoria and other members and connections of the royal household.

Change in Redemptorist Order.

Quebec, Aug. 2—The Redemptorist order as far as Canada is concerned is no longer subject to control from the American mother house at Baltimore, Maryland. This change, which has been under consideration for some time past at Rome, was finally decided on the feast day of St. Alphonsaa founder of the order, which occurred on Thursday last, and yesterday the news of the change was cabled to the order in this city. All American-born priests at present will return to the United States and their places will be taken by Canadian born fathers of the order.

Searching for Poles.

Toronto, Aug. 4.—The police are searching for two Poles who it is alleged made an assault on Andrin Masusrek, a fellow Pole, in a room over a Chinese store, which caused internal injuries, from which he died at the Western hospital. The search, however, is hindered by the fact that the officers have been given a very imperfect description of the two.

An inquest on was opened at the morgue by Coroner C. W. Graham yesterday afternoon and several witnesses were present, but owing to their inability to speak English, little was learned of the incidents.

To Abolish Commerce Courts.

Washington, Aug. 2—The five judges of the United States commerce court would be retained in office as circuit judges by an agreement reached today by the house and senate conferees on the legislative-executive-judicial appropriation bill. The commerce court would be definitely abolished by the agreement and its work turned over to the district courts in which the various cases may have arisen. The senate had proposed that the five commerce court judges be immediately dropped from the judicial roles, while the house proposed to keep them as circuit judges, but not fill vacancies that might occur. In this manner the number of circuit judges would ultimately drop to 29, the number now authorized by law.

FEARS INJUSTICE.

Senator Hitchcock, of Nebraska, Goes Long Distance to Look After Boy's Interests.

Washington, Aug. 4.—Fear that injustice to Stanley Stewart, an English emigrant boy, might entail unnecessary sundering of family ties took Senator Hitchcock of Nebraska, on a thousand mile journey today to be present at the hearing of the boy's case before the American immigration officials at Quebec tomorrow.

Young Stewart, enroute from England, with his mother to join his father at Omaha, Nebraska, was ordered deported having been found by the authorities to be feeble minded. Senator Hitchcock, after investigation, concluded that the boy was merely backward and secured a stay in deportation pending an examination before a special medical board.

LOUISIANA PROGRESSIVES.

Elect Delegates to Support Roosevelt and Protection.

New Orleans, La., Aug. 2—With a few former Democrats present and negroes conspicuous by their absence the state convention of the Louisiana progressive party met here today and elected thirty delegates to the Chicago convention to vote as a unit for the nomination of Col. Roosevelt for president. Each delegate will have one-third vote. The convention adopted a resolution favoring the maintenance of the protective tariff system, "with only such changes as will give protection to American industries without fostering monopolies."

A motion was made to present to the Chicago convention as a vice-presidential candidate the name of John M. Parker, of New Orleans, for years a leader in thereform ranks of the Democratic party in this state. At the request of Mr. Parker's friends the motion was withdrawn.

Louis P. Bryant, surveyor of the port of New Orleans, created a mild sensation when he intimated that the administration, because of his affiliation with the new party, was preparing to have him removed. Mr. Bryant said he has been advised that special agents have been ordered to New Orleans to make certain investigations in the customs house.

TO GERRYMANDER QUEBEC.

Tories Propose to Add to Montreal's Representation

Montreal, Aug. 2—The Gazette says "It is no secret that the second distribution of federal seats in the province of Quebec is now being considered and that a bill to this effect will be brought down by the government at the next session of the Dominion parliament.

"The statement is made that the representation of the island of Montreal and Isle Jesus will probably be increased from nine to fourteen or fifteen members.

"If the representation from the city of Montreal is increased, there must be a corresponding decrease in the number of members from the rural constituencies. This decrease will be regretted by constituencies whose lines have remained intact since confederation but the greatly increased population of the city of Montreal and those counties just outside the commercial metropolis, leave no choice open to the government but to give stronger representation to this large centre of population."

WHAT DOES BOURASSA WANT?

La Patrie Takes Nationalist Leader to Task.

Montreal, Aug. 2—La Patrie writing in protest against Henri Bourassa's "no navy" campaign, says:—

"Let Mr. Bourassa, who all his life has been a wrecker, who blinded by one knows not what aberration, seeks now to destroy even the sacred regard which the French-Canadians have for France, let him define to us these politics, which he professes. How does he imagine that Canada will rise gradually to the rank of a respectable and respected nation if she withdraws herself indefinitely from the responsibilities proper to her power and increasing wealth. It is not enough to overturn everything; one must know what one can build on the ruins which Mr. Bourassa would create.

"Mr. Bourassa fought the naval policy of Sir Wilfrid Laurier. He is now fighting that of the Conservative ministry.

"These two policies, nevertheless, meet the views of all Canadians no matter what their origin.

"Mr. Bourassa and him alone, they do not suit. Let him tell us clearly what he wants, towards what end he is dragging our fellow countrymen with his eternal recriminations."

LOVE OF BOOKS.

Mr. Wilfred Whitten, in his popular weekly causerie in the "P. M. G." discussed last week the career of Mr. James Lackington, who, from being a poor West Country cobbler, became one of London's most famous booksellers. He tells the following story of Lackington and his wife. When the pair were scraping together the furniture or their one room and workshop, Christmas Eve arrived, and with it the noble idea of a Christmas dinner. Mrs. Lackington sent her husband out to do his best with half-a-crown. The sum was small, yet it might stretch to a little festival. On the way he spied a second-hand bookshop, and it oscurred to him that with no unsupportable deduction from the proposed luxuries he might possess himself of one more cheap book for his library. He accordingly entered the shop, thinking to lay out sixpence or ninepence; but he ended by putting down his whole sum for a copy of Young's "Night Thoughts." And it was with the "Night Thoughts" and a well-composed harrangue on the superiority of intellectual over sensual pleasures that the young man came home. "I think," he said, "I have acted wisely; for had I bought a dinner we should have eaten it tomorrow, and the pleasure would have been soon over; but should we live fifty years longer we shall have the 'Night Thoughts' to feast upon.'"

Immense German Airship's Trip.

Hamburg, Aug. 4.—The latest Zeppelin air ship constructed to carry passengers arrived here from Friederichshafen on Lake Constance at midnight, after a trip of almost 500 miles. The monster air cruiser, which is named the Hansa, at a trial attained a speed of 49 1-2 miles an hour. It is to be stationed here and will make excursions out to sea.

Nature's Scalp Tonic

Machela, Nature's Scalp Tonic, contains one ingredient that supplies nourishment to the hair root, one that kills the dandruff germ, and another that puts life and lustre into the hair. Each package contains a packet of Machela Dry Shampoo Powder. Price for complete home treatment, $1.00. Sold and guaranteed by E. Hardisty.

CIVIC GOVERNMENT.

With the more general adoption of the principle of the municipal operation of public utilities has come a realization that the methods of municipal government which were adequate under previous conditions became inadequate under the new conditions. The result has been many experiments in variation of the original form of municipal government. As Edmonton led all places on the continent in municipal control of public utilities, so Edmonton showed the way in the adoption of a form of city government specially designed to work out successfully the principle of control of public utilities by the employment of commissioners. The example of Edmonton has been followed—at greater or less distance—by many other cities, each having its own particular form of commission and many of them differing widely from that of Edmonton. In order that the citizens of Edmonton, the large majority of whom have become citizens since the new city charter was granted, may have first-hand information in regard to the why and wherefore of the existing method of city government, the Bulletin has prevailed upon Mr. William Short, who was mayor of Edmonton during 1902-3-4, and who was very largely responsible for the drafting and acceptance of the existing charter, to contribute a series of articles to the Bulletin, giving the foundation reasons for the adoption of the system as it now exists, and showing how the different parts of the system are calculated to work harmoniously for the welfare and progress of the city. The first of the series appears in this issue, and will be followed from time to time as occasion permits.

A BAD EXAMPLE.

Tenders have been received for the erection of a government elevator at Port Arthur. This is the elevator which Mr. Rogers told the Regina people would be ready to accommodate part of this year's grain crop. If the elevator is built by somebody who takes his notions of honesty from the Minister of the Interior it will fall down before he gets the roof on.

AN INCONCLUSIVE DENIAL.

Hon. Robert Rogers claims that he has been done an injustice by the Regina Leader, which published an intimation that Mr. Rogers had tried to induce Mr. Leonard—the new Transcontinental Railway Commission—to buy for the use of the Transcontinental some property near Winnipeg in which the Honorable Robert is interested. In the course of his denial Mr. Rogers admits that he tried to get the predecessors of the present Commissioner to buy this land, and that they refused; and his way of putting the matter seems to indicate that their refusal was a matter of some considerable financial disadvantage to himself—and of perturbation in proportion to the disappointed hopes. As for the denial that he tried to get Mr. Leonard to reverse the action of his predecessors and take over the land, that is something on which other witnesses will have to be heard before the matter is set at rest. Mr. Rogers' testimony is not conclusive, in view of his announcement that the Crow's Nest strike had been settled when he knew it had not been settled. Mr. Rogers must not, therefore, be displeased if a considerable number of people persist in believing that he tried to hold up Mr. Leonard as he had previously tried to hold up Mr. Leonard's predecessors—with like result.

THE CITY CHARTER

BY WM. SHORT, K.C.

ARTICLE NO. 1

Introduction.

Edmonton's city charter was an attempt to put into orderly shape the municipal law of the day. It also attempted to make advances in that law, but those advances were only such as in the ordinary development of local self-government were logically due at the moment.

Municipal law has been a slow growth from very early times. Local self-government has always been a principle of Anglo-Saxon government, but the law itself ever lags behind progress. Legislative enactment has been largely a matter of the draughtsman copying provisions here and there, from this or that of the many statutes on the point. It was in fact largely a matter of scissors and paste. The need was not only to codify, it was to amend to meet the present needs of local self-government and then to codify as amended. So municipal law was for Edmonton amended and codified. The language of the act was brief and direct; so brief, so terse, that subsequent draughtsmen have even thought it necessary to amplify lest it be thought lacking. Apart from this brevity the principal point wherein it may be noticed are: First, the greatly increased powers of the council; second, its methods of taxation; and, third, the principle of executive government by commission.

To begin with, it was a daring thing for some twenty-seven hundred people, as Edmonton then was, to embark on the principle of municipal ownership of all public utilities. Only a few years since Toronto with its relatively large population had made a failure of a municipal street railway system. Financiers were opposed to municipal ownership and operation. Scarcely in Canada was there to be found a banker of note but who looked askance at the idea, and that was exactly the way they looked at Edmonton's venture. Our water, sewer and lighting systems were installed before the bonds issued to pay for them were sold. Nor were they sold until we were prepared to pay a high rate of interest and had found a more than ordinarily far-seeing buyer. Moreover, Edmonton had in the meantime trebled its population, had advertised its advantages far and wide, had won the recognition of the great railway companies and through all these had found the approval of the business world.

Today, with our utilities in successful operation, with the public better satisfied to submit to weaknesses of operation by their own representatives than to submit to the dissatisfaction common to private ownership, one asks, why question municipal ownership? Then it was an almost untrodden field of enterprise for so small a community. And the hesitation to adopt the new idea was not strange. Municipal management theretofore had meant—even yet means to some extent—a constantly changing council which both legislates and administers. Changing from year to year, how could the members of council who had their own affairs to attend to, not only legislate for but actually administer so difficult and intricate an enterprise as a public utility? Any business needs the watchful eye of the master day in and day out. If so small a town were to embark in diverse, intricate and financially formidable undertakings, would not the same watchful management be needed in even greater degree? To meet this problem was the task, and the answer was as radical as the task we had set ourselves.

Enlarging the Powers of the Council.

To begin with, the charter gave the council as ample powers within their sphere of local self-government as the members of the Dominion or Provincial parliaments have within theirs. The Dominion Government is empowered to make laws "for the peace, order and good government of Canada." Edmonton's council is given power to make laws for the "peace, order, good government, and welfare" of the city. The difference is one of scope. Canada's boundaries are wide, those of the city narrow, but the scope of local self-government is constantly enlarging.

Now, under the former condition of affairs a long list of powers were embodied in municipal acts. The giving of these special powers implied the negation of all others. The difference was to give power for everything which could be properly applicable to the municipal welfare. And lest the courts—which interpret the laws and are very apt to negative their plain intent if their exercise seems to be lacking in discretion—look at the courts should think these powers limited by the fact that they were to be exercised by mere town councillors, the opposite fact was made abundantly plain.

Widening the Aldermanic Gauge.

Now, if you limit the powers of the council to fixing the position of a lamp-post, you are going to get lamp-post councillors. If, on the other hand, the powers are made so wide as to include every phase of modern development—town planning, housing of the poor, care of the neglected and unfit, making the City Beautiful, operation of public utilities—everything in fact which could and ought to go to make a great city—could you not reasonably expect the very ablest of the city's business and professional men to freely give their services?

But how can we hope to get a busy man (and the busy man is usually the best man) to leave his own business to work for the city? Certainly not by requiring him to give personal and continuous time to the overseeing of utilities. And even if we get the best man he could not run a business other than his own and do it well. It takes experts to run light, water, telephone and transportation systems. But even though you have an expert to manage each utility, who will co-relate the work of these experts? Who will give continuity and economy as well as efficiency of management to the whole? To do that you must have a manager—one who in time at least gets to know the business end of the work, to know it from the dividend point of view; and that means more than a mere working knowledge of details. Can you expect such a manager in the council? If even by chance you could get such a man in the council, would he stay there? He could not if he would. If he could stay he would not be in the right place.

The successful running of a public utility requires a different kind of ability to that required in a councillor and imports a different kind of responsibility. A councillor must be popular—a man may be a good manager and be the reverse of popular.

What you can do, however, is to get the business man to say whether or not a proposition is in the city's interest. Call together at a moment's notice a dozen representative business men; submit a proposal to them touching the city's welfare or duty; make clear the principles involved; show its relation to the public at large and individually—in other words, present the whole proposition, and if possible at the hands of an expert who will have to carry it out, who will have to justify it to the public and to the individual; whose reputation is at stake by it, have it so presented and you can get the right thing to be done almost every time. The business man—the public—can be depended upon to give the right verdict if only, untouched by prejudice or passion, it has all the facts before it. It is not always it gets all the facts; that is why the public gets fooled sometimes. Therefore, let us have a permanent body weighted with the responsibility of carrying into action, whose duty it will be to see that the facts get before the council, whose continuance in office depends upon that being done. So the idea of executive government by commission grew.

Larger Powers Mean Larger Responsibilities.

And that leads to another point of view, and that is the responsibility resting on the council by reason of the large powers given it. Not in all Canada is there a city with so wide powers as are given by this charter. We have taken a long step forward in local self-government. Now it is for us to make good. We must work out for ourselves our problem. If our powers are exercised wisely we shall justify their granting as well as lead the van of one of the most important of the powers of government by the people. If we use those powers rashly or improvidently we shall lose them. First the courts will seek to curtail; then the legislature. Therefore it is that there should be an executive body, trained in civic affairs to give steadiness to the council. And one may recall, crudely indeed, the words of the old Greek poet, "At that at which a man weaves his life away, at that he becomes smooth." We say "practice makes perfect." A body of men charged with the duty of overseeing civic activities must needs become experienced therein. God-given legislators arise here and there in the course of the centuries; most legislators grow in knowledge as they grow in experience. We need not expect to pluck the first variety from the clouds in bunches; we shall do well if we get a few of the second as we need them. And it is not only our councillors and our commissioners who need experience. It is a new country, and we are a diverse people, and we have therefore many problems and we need to work out in our own experience our powers and our duties.

Each new council comes with strong determination to reform, to better, to extend existing utilities and conveniences. If there is a managing body able to give practical advice, able to show how it has itself worked out its problems and show how the proposal will work out, to show what the experience of other cities and other countries have been in the same direction, able to plan wisely—then the council will be greatly strengthened. Such a body will be a safeguard to the ratepayers who elect it, for commissioners are not in general in their office they will not concur in a scheme which they will have to carry out and which puts their reputation at stake until that scheme has good grounds for support.

Council and Commission.

Such then is the council. Exercising the highest powers and responsibilities it calls the highest ability of the city. Before it is to be laid the city's problems. It requires the fullest information and that from those responsible for the successful working out of the plan, and who may, therefore, be relied on to give the right information. It must know the cost, whether the work is planned for all time or not, how it compares with what other public and private corporations are doing in the same case. Just in proportion as the council brings adequate knowledge to obtain this information, will it get what is wanted. So in every department of the city's activities it is for the council to have a complete plan, specification, profiles, details, cost comparisons, duration of the works and every item that goes to make up a complete report. Then it is for the council to consider the matter, hear its experts on the details weigh the differences of opinions, modify, change, or refer back for further information. When a decision has been reached the council authorizes the work to be done, and, except to know that it is done as authorized and within the cost, the council has and ought to have no more to do with it. All the responsibility for the commissioners; they are the arm of the council, to see that its behests are carried out. They set in motion the proper machinery and upon them rests the responsibility of successful execution. If the result is not satisfactory they are to blame.

One, of course, may ask why should they be blamed for errors of judgment of the council. They should not, nor will they be, if they properly appreciate the matter. For example, suppose the council orders an extension of the street railway in a locality which the commissioners are certain will not produce enough revenue to justify it. The council is supreme. Hence the commissioners will embody in the proper report the facts they rely on for what they expect; they may rightly suggest the method they think will meet the deficit if any. In justice to themselves and the citizens at large they should ask that the property or interests to be specially benefitted by such extension should pay any deficit. If it be a case where no particular property or interest ought to pay, then the burden should be directly assumed by the city at large. True, it will be assumed by payment out of the current year's taxes. That is not enough; the responsibility should be fixed so that the loss, if one, shall not be attributed to the street railway operation, but shall be carried where it belongs. A mere matter of book-keeping you say. Yes, and a little more.

Fixing Responsibility.

It is the fixing of responsibility where it belongs. And that is the first step towards successful management. And that leads to another point. Under the old system of civic management, it was impossible to fix the responsibility. That is the basic theory of executive government by commission. You fix the responsibility for ordering on the council, and for carrying out on the commissioners. Let the issue be drawn clearly between the functions of the two bodies. Let the council absolutely refuse to take any part in carrying out its behests, and all the responsibility rests upon the commissioners. Quality and quantity, time of completion, wages, all essentials may be fixed by council. That done the commissioners must be supreme in execution. They employ and discharge, they accept or reject. Their reports show how they are succeeding, what diligence and what prudence they possess. The completion of the work tells whether confidence in them is justified or not.

The theory of the charter as drawn was that every civic activity should be under the control of the commissioners. They were to see to the efficiency of every branch. They could not do that unless the hiring and discharging of officers lay in their hands; efficiency being their law, they could not afford to retain the services of the unfit or incapable. The means by which the desired end should be reached lay in their choice. Log-rolling would be powerless with them. With standards of efficiency the council had to do. Were the police, fire or any other department not up to the proper standard, the commissioners would be taken to task; so, if the cost were too great. And the council having spoken, the commissioners must obey.

Log-rolling is one of the worst of all civic ills, and in the end it is a distinct harm to him who seeks the public suffrage. To such an extent has this evil grown in great American cities, that the bosses, not he aldermen, control the city and its administration, maybe the case of a thug arrested, found guilty and sentenced to jail for crime, and then by some means let out of jail because the alderman for his ward dare not seek re-election if he were not freed. Imagine criminals appointed to places of power and opportunity in the city because they could control votes enough to elect an alderman. Anyone who reads American newspapers knows that such are facts and these things are made possible, largely because the council has retained powers of appointment and administration. Let the appointment and administration be in the hands of commissioners and every alderman is a watchdog to prevent that kind of thing.

This then to conclude. The city asked the widest powers, the right to stand in the forefront of municipal progress. In proof of its right to get those powers it invited the services of its ablest citizens, of its most competent men of affairs, by making it possible for them to give the kind of service they were qualified to give, and by making it possible for the 4 to get experts to carry their requirements into effect. But with all this it refused to depart from the principle of government by the people. It demanded the essence of democratic principle, viz., that every citizen should have an active interest, and the right to exercise a voice, in the art of self-government.

RAMSEY'S
First, Elizabeth and Howard Streets

A Carload of Glassware Goes On Sale Tuesday

Thousands of different Glassware and Chinaware articles will be placed on sale Tuesday morning at 8.30. The goods bought for the many new departments that will be added when the Howard Avenue addition to our building will be finished are pouring in so fast that we have not room for them—therefore this sale. AROUND THE CITY

LOCAL

H. Josh, jr., secretary of the Amalgamated Carpenters, has returned. Mr. Josh is one of the oldest members of the union.

R. M. Mitchell, right of way agent for the C.N.R., is in the city for the purpose of making arrangements for the fixing of townsites on the Pakan branch.

The city commissioners paid a visit of inspection Friday afternoon to the Rat Creek trunk sewer. This tunnel is now completed for a distance of approximately 2,000 feet.

The licensed Chaffeurs of Edmonton will give their first annual ball on the evening of Wednesday, August 7th. Tickets on sale at Lewis Bros.' cafe.

Work on the Jasper avenue subway will commence early this week. While Jasper avenue is torn up, the street cars and other traffic will be routed around by way of Eighth, Victoria and Tenth streets.

Nurses at the Misericordia hospital report as satisfactory the condition of Carl Stuckenberg, the young man who was accidentally shot at his shack on the Brazeau branch of the G.T.P. and who was brought into the city.

Constable Cornelius, of the R.N.W.M.P., will leave Edmonton on Monday for Fort Chipewyan on Lake Athabasca. Carnellia has been in the force four months and congratulates himself upon having been chosen for service in the north after so short a time. "The ambition of all the fellows in the barracks at Regina," he says, "is to go north."

The report emanating from Winnipeg that war had been declared between Great Britain and Germany caused immense excitement in the city last night. It proved to be a wild rumor without the slightest foundation and was promptly denied in a later despatch over the Bulletin's leased wire from Winnipeg. Scores of telephone inquiries asking as to the authenticity of the information were answered by the Bulletin.

Ernest Flegg, a young man in the employ of the city power house, who fell off a flat car on Thursday morning while unloading a washer, was stunned but otherwise unhurt. Flegg has left the Misericordia hospital.

Peter Brandt, the young man who was pinned under a car which fell back, in being raised up a stairs on Friday morning, sustaining painful injuries in the chest and leg, is doing well, according to the nurses of the Misericordia hospital.

Mike Pelowski, the section man who was badly scalded on Wednesday night while making tea in the men's caboose in the G.T.P. camp at Ardrossan, and who was brought into the Misericordia hospital, is still suffering greatly. His face and arms were very badly burned.

$1,000,000 IN NEW SCHOOLS.

One million dollars will be spent by the Edmonton school board during this year in the erection of new schools and the enlarging of those already in use. Of this total $250,000 has been spent in purchasing sites, and $750,000 will be spent in buildings. When the season's work is completed there will be 74 rooms ready for use, 44 on the North Side and 32 on the South Side. Twelve new buildings will be erected, seven on the North Side and the remainder on the South Side.

GALICIAN LAYS CHARGE AGAINST CONDUCTOR

Alleges That He Gave $20 Bill in Payment of Fare on Street Car and That Conductor Only Gave Him Change for $5 Bill.

Alleging that he had given the conductor of a car on which he travelled last Wednesday a $20 bill, Nick Dobuski laid a charge of theft in the city police court against J. McGrady, the conductor.

McGrady pleaded not guilty to the charge.

Dobuski gave evidence stating that he got on a street car to come to Jasper, having in his possession $20 in one bill and ten cents, which had been given him by his "boarding boss" to pay his fare. As he was getting on to the car he met another Galician, John Segan, who got on the car with him and whose fare he paid.

The conductor gave him a transfer, but the conductor of the next car on which he got would not accept the transfer and said he would have to pay again. Witness said he had been told that the conductors would not take big money and he replied that he would give the conductor the money if he would give him the change. He then gave the conductor the $20 bill which was all the money he had on him and the conductor gave him in return only the change of a $5 bill.

Witness told the conductor that that was not his change as he had given him a $20 bill. The conductor then began to feel in his pockets but did not produce any $20 bill.

Andre Caskavitch spoke of giving Dobuski the $20 bill and ten cents in order that he could go to town to buy a keg of beer and a bottle of whisky. Dobuski came back without having got the beer and whisky and he gave him another $10. John Segan was called but said he did not know how much money Dobuski had.

H. A. Mackie appeared for McGrady.

Magistrate Byers adjourned the case until next Tuesday.

FAIR QUARRELS IN COURT.

Joseph S. Bennett, charged with having assaulted Winnie Bennett, was found guilty, but Magistrate Byers suspended sentence. Bennett said he was very sorry the thing had happened. "I quite understand," said Magistrate Byers, "but you must guard against your temper."

W. Murdoch charged Donald March with assault, alleging that March had broken a whisky bottle on his head. Murdoch had no visible evidence of the alleged assault upon him and Magistrate Byers, in dismissing the case, said he did not see how March could have done as Murdoch alleged and did not carried some trace of the blow. "I have had some experience by now of what whisky bottles will do," added his honor.

RESULTS OF EXAMS IN GRADES 9 AND 10 OF THE HIGH SCHOOL

Successful Students Who Wrote on Departmental Examinations in June.

LARGE PERCENTAGE OF CANDIDATES PASSED

Matriculation Results Are Obtainable from Registrar of University.

The following is a list of the successful students at the departmental examinations for grades IX. and X.

Grade IX.

Allen, Clare W.; Allison, Ruth Joy; Ambler, Ruby J.; Anderson, Verna E.; Arnold, Chas. R.; Auld, James T.; Barwood, Bertie F.; Baldwin, Enter A.; Barnes, Margaret H.; Barrett, Ida, Barrott, Olga M.; Bass, Harold J.; Barrett, Alva B.; Beatty, Marie A.; Berdan, Orwell E.; Bjorkgren, Agnes; Bolch, Nellie G.; Bolton, Lawrence J.; Bowie, Lillian; Bowman, Miriam L.; Brown, Arthur; Brown, Phoebe W.; Brown, Helen C.; Bruce, F. George; Burse, Sadie M.; Burkholder, Minnie G.; Burns, Zith; Burt, Mary E.; Butchart, Clarence A., Butchart, Harold A.

Cahon, Merlin; Cain, Nellie; Cain, Pauline U.; Caldwell, Robert; Cameron, Gordon A.; Campbell, John M.; Campbell, Nicholas; Carey, Grace H.; Carlson, William H.; Carragehr, Theresa; Carcallen, Frank, W.; Carter, Russell A.; Chapman, Ruth E.; Charlton, Minnie; Clark, John George; Cooper, Edgar M.; Cornell, Helen M.; Coupes, Madline Crow, Hazel I.; Crozier, David K.; Currie, Duncan B.

Dandy, Eva M.; Darling, Keitha G.; Darling, Valeria M.; Davidson, Ida V.; Davis, David R.; Davis, Grace L.; Dean, Pearl; Deeprose, Joy; Dennis, Margaret C.; Dixon, Eva; Dixon, Olive J.; Downes, Ella M.; Dumont, M. S. Pearl.

Earl, Harold E.; Easson, Wm. J.; Edwards, Trenhuime R.; Ellenwood, Margaret; Emory, John Jas.; Erickson, Fred; Erickson, Mary F.; Everhart, Pearl.

Fairley, Margaret L.; Fales, Florence; Fife, Jack K.; Flanagan, Phoebe R.; Flanagan, Wilburn Imrig, Mary; Fletcher, George; Fletcher, John A.; Foster, Ellie; Freeman, Harry; Friend, Marjorie J.

Gale, Stella; Galbraith, Leslie; Gardiner, Bessie; Gier, Roy W.; Gillespie, Wilber F.; Gilson, Sidney John; Gold, Margaret H.; Goodall, Annie M.; Gordon, Helen T.; Grosse, Walter; Gould, Gladys; Grimson, Julius; Groat, Hilga; Guerrin, Harriet; Haggart, Agnes M.; Hall, Mary R.; Hammill, Helen G.; Harner, Barbara; Headley, Olive R.; Headley, Rufus; Hepburn, Clifford I.; Hillerud, Sylvan; Hodgson, Rosa; Hoaston, Beryl; Howard, Hedley; Hume, John A.; Hunt, Marguerite L.

Jackson, William; Jerrold, Emily M.; Jerrold, Mary; Jewitt, Wm. G.; Johnson, Alva E.; Johnson, Henry A.; Johnstone, Lilla V.; Jonestone, Margaret; Jones, Florence A.

Kelly, J. Freeman; Kern, Keri G.; Kerr, Alexander; Kidd, Sarah E. O.; Kiser, Norma A.; Kitley, Alma; Kitley, Pearl; Knight, Ethelyn E.

Lamoureux, Amandine; Lando, Myrtle; Lang, Albert; Lawrence, Edna M.; Leobold, Hugo; Lessner, Joan E.; Lougheed, Ruby Mary; Luchia, Edna; Lyle, Merrill N.

Mahoney, Ruth B.; Maloney, Stella; Murray, Annie M.; Marshall, Alice L.; Marshall, Miriam; Martin, Marjorie V.; Matheson, Catherine I.; Matthews, George C.; Merrick, Lila; Miller, Agnes M.; Moore, Helen G.; MacLachlan, Lawrence G.; McArthur, Euphemia L.; McCrea, Harold; McDonald, Jessie; MacDonald, Mabel I.; McDonald, Millie; McDonald, Christena; McDowell, Joseph R. L.; McFaoyn, Elizabeth; McGregor, Leone; McIlwraith, Willie; McInnes, Cathryn P.; McIntyre, Gertrude; McKenzie, Chas.; McLean, Edith M.

McNaughton, Alexander.

Neeland, Walter; Nelson, Emma P.; Newland, George; Niblock, Marjorie C.; Nurcombe, Violet T. A.

Oppenthander, Edith Osterlund Hilfred; Oswald, Nicholas.

Page, Paul; Parney, Geo. L.; Paul Madge Helen; Pembleck Edmund T.; Pollock, Norah A.; Poucher, Marjorie Price, Clarence R.

Ramsey, Gladys G.; Redmond, Vernon A.; Richardson, Frederick J.; Riddell, William Hugh; Robertson Douglas M.; Robinson, F. Gilbert Rohrer, Dora; Rutherford, George.

Salstrom, Edvard; Schatner, Ella Schilling, George G.; Schweitzer, Harvey; Scott, Beatrice M.; Scott, Milton J.; Scott, Norman; Shantz, Lois V.; Sharp, Jean K.; Sheppeard, Mary E.; Shiebell, Margaret; Sick, Lena; Sigurdson, Lillie; Skitch, Arthur John; Skitch, Reginald; Slim, Lily Smith, Adolph; Smith, Clara M.; Smith, Eric A.; Smith, Neva Leone Snell, Lotu A.; Souch, Dorothy P.; Speer, Douglas; springer, Annie; Springbett, James C.; Stanton, Pearl Nora; Steiner, Helen; Stevens, Lyndon H.; Stitt, Opal H.; Stranahan, Elroy; Sugden, Edward V.; Sundberg, Annie; Swartwood, Margaret; Sweet, Fred C.

Tarney, Mary B.; Taylor, Alvah L.; Thomas, Lenora; Thompson, Gordon E.; Timmins, Beatrice; Trosmer, J. Fern; Turpin, Dora C.

Veale, Lorraine; Vickerson, Ruby.

Wagner, William F.; Wakefield, Jessie; Wallace, Harvey I.; Watkins, Ira E.; Watson, Connell J.; Watson, Gordon; Webber, Ara; Wetherton, Charles; Welbourn, Frank H.; Welch, Margaret; Weston, Charles; Williams, Alice E.; Williamson, Marian; Wilson, Harley; Wilson, Ella Marian; Wilson, Isobel; Windle, Deborah Wood, Glen; Wood, John; Wright, David; Wright, Lila M.; Wright, Lloyd H.; Wright, Marjory.

Grade X.

Adams, Hazel J.; Andrews, Bertha; Arnold, Alisa; Armstrong, Myrl Burton; Atterberry, Georgia Belle; Auchterie, Russells.

Baker, Ada Grace; Baker, James; Barrow, Chas. Emery; Batke, Ruby Mae; Becker, Claire; Bennett, Archibald; Bray (?), Flesch, Clifford S.; Black, Roy L.; Boone, Bertha Mille; Bowler, Madge; Bradley, Mabel Chas.; Bradshaw, Elsie M.; Brenner, Bertha T.; Bremner, Mary W.; Brighton, Harris W.; Browne, Dorothy K.; Bullock, Edna (?); Butchart, Harold T.

Cartwright, Julia; Carver, Chauncey H.; Casey, Germaine; Chadsey, L. Calvin; Clarke, Zella; Collier, Louesa B.; Colvin, Violet; Copley, Alice; Craig, Caldwell P.; Crimp, Leonard; Cumming, Mary J.; Davies, J. Arthur; Dewar, Cecil G.; Dickins, Francis C.; Douglass, Hazel; Douglas, Mabel Irene; Dowler, Gladys M.; Duncan, Angus F.; Dymer, Gladys Beryl.

Eddy, Alma; Eldridge, Mary M.; Erdman, Nathan.

Fane, Frank J. W.; Fink, A. George; Fitzgerald, Annie; Forster, Ralph F.; Fradkin, Louis; Francis, Rose B.; Fraser, Bessie K.

Gelbstatay; Glasford, Evelyn; Gray, Aggie; Greig, Margaret J.; Gulley, Earle F.

BODY OF TITANIC VICTIM PICKED UP

British Steamer Finds Body of W. F. Chiverton, of Philadelphia, Passenger of Ill-Fated Liner.

Philadelphia, Aug. 3—The British steamship Ilford, from Narvik, which arrived at this port yesterday, reports that on June 8, in latitude 49.20 north, and longitude 42.51 west, while outward bound from Galveston for Hamburg, she picked up a body, later identified as that of W. F. Chiverton, a passenger aboard the Titanic.

When found the body was floating with a life belt about the waist and while the action of the waves and exposure had rendered the features almost unrecognizable, papers in the pockets of the clothing together with various trinkets and jewels led to the identification as that of Chiverton. Following the disposal of the papers and valuables in the vessels safe obos, the body was buried at sea.

RECEPTION TO ROYAL HIGHNESSES

Mayor Armstrong announces that any citizens who wish to attend the civic reception to be held in the assembly hall of the parliament building on the evening of September 4, on the occasion of the visit of Their Royal Highnesses, the Governor General and the Duchess of Connaught, make applications for invitations to his office, giving their titles and full addresses. The list closes on August 24. No invitations will be sent out until after August 24. Evening dress is not compulsory on this occasion.

1,000 REPLIES RECEIVED.

The response to the enquiries sent out by the gas department has not been as spontaneous as it was hoped. There were 2,000 cards sent out to residents in the district that will be served by the municipal gas plant. These cards contained questions as to whether the recipient would be a probable user of gas. To the present time only 1,000 answers have been sent in and of these, about eighty per cent. declared that they will have gas in their homes as soon as they can get it.

Turkish Isla... Proclaims Independence.

Athens, Greece, Aug. 3.—The Turkish island of Nicaria (also known as Icaria), in the Aegean Sea, today proclaimed the independence of the Turkish government. The inhabitants, who number about 13,000, seized and imprisoned all the officials.

R.G. DUN'S REVIEW OF BUSINESS CONDITIONS

General Trade Conditions Satisfactory —Merchants in all Centres Looking Forward to Big Fall and Winter Business.

New York, Aug. 2—The general trend of conditions throughout the Dominion of Canada, according to despatches received by Dun's Review from branch offices of the R. G. Dun & Co., in leading trade centres, continue seasonably active with most merchants looking forward to a good fall and winter business.

Montreal reports a general slowing down in most of the lines, which is expected at this season, but there is little decrease in the manufacturing activity and most merchants regard the future with considerable optimism. At a while the wholesale and retail trade at Quebec continues seasonably satisfactory.

Business in wholesale lines at Toronto is fairly good for the season, but retail trade is rather quiet, as usual at this period. Dry goods merchants are receiving numerous orders for fall and winter goods. Indications at Hamilton are encouraging retailers reporting a good volume of business and wholesalers appear to be fairly busy for this season.

General activity continues to prevail throughout the far west and northwest and the good crop prospects create much confidence in the future. Winnipeg reports that weather conditions are favorable for the growing and that increased distribution both retail and wholesale is noted in most lines of staple merchandise.

Business continues in fair volume at Saskatoon with an especially good demand for hardware. Trade in all lines at Regina continues to expand and there is a marked feeling of confidence owing to the prospects of a bountiful harvest.

Lumber mills are very busy at Edmonton because of the large building operations and retail merchants are doing a better business than in any previous year. Vancouver reports that general business is in well maintained volume with building permits, customs collections and bank clearings all showing a satisfactory increase.

Gross earnings of all Canadian railroads for three weeks in July show a gain of 17.4 as compared with the earnings of the same roads for the corresponding period a year ago.

Commercial failures in the Dominion this week number 24 against 30 last week and 42 the same week last year.

CUTTING WHEAT AT PORTAGE.

Farmer South of River Will Commence Harvesting on Monday.

Portage La Prairie, Man., Aug. 3—J. J. Beattie, of this city, will commence harvesting his wheat Monday at his Ingleside farm, south of the river. This date is exceptionally early, being fully a fortnight in advance of the usual time. The growth around Portage has been exceptionally forward this season, and the world south of the river, where the wheat is coming in some days earlier than on the north side. With continued fine weather wheat cutting will be general on the Portage plains about the 12th of this month, with most of the barley cut by that date. L. A. Bradley, who resides a few miles south of the city, has completed cutting his barley crop already and reports a particularly good yield.

Fort McMurray

No better opportunity ever offered the investor. The coming manufacturing and distributing point for the great Northwest.

Port McMurray

for which we are agents, comprises the eastern portion of the island at Fort McMurray.

Lots $300 and Up

CANADIAN NORTHERN

HANNA
ALBERTA

CANADIAN NORTHERN

The SALE of This New Important

Canadian Northern Railway

DIVISIONAL POINT WILL TAKE PLACE ON

WEDNESDAY, AUGUST 7th, AT SASKATOON

Hanna is the second divisional point west of Saskatoon on the Saskatoon-Calgary line of the Canadian Northern Railway.

Hanna is the junction point of the Saskatoon-Calgary line and the Canadian Northern line running to the important and growing Brazeau Coalfields territory.

Hanna is to be the divisional point on the proposed Canadian Northern line connecting Vermilion with Medicine Hat.

Hanna has all the advantages required to produce an important town of rapid growth.

Hanna is the centre of one of the richest and most populous areas in Alberta.

Hanna has a huge and very productive area extending for long distances on all sides. At present time government statistics show that 10,866 homesteads have been taken up during 1910-11 within a radius of eighteen miles of Hanna. Only 654 are still available within this radius. This entire country is one of the best wheat growing districts in Alberta.

Hanna will quickly and necessarily become the chief distributing centre for this entire middle western section.

Hanna will have the railway facilities to give it this commanding position. It has also the proper kind of country back of it, and the popuation surrounding it to support an important town.

Hanna will grow fast into one of the very best towns on the Canadian Northern system.

Hanna has the best prospects of any western town ever offered to the public by the Canadian Northern railroad.

Send for maps, price lists and full information.

Solicitors for the Executors.

NOTICE

TAKE NOTICE that, pursuant to the provisions of the Livery Stable Keepers' Ordinance, being Chapter 57 of the Consolidated Ordinances of the Northwest Territories, I will at 2 o'clock in the afternoon on Monday, the 12th day of August, A.D. 1912, sell or cause to be sold by public auction at the Great West Livery, 408 Fraser avenue, in this city, one (1) mare, owned by Norman D. Meiver, and brought by him to my stables. The said animal will be sold as aforesaid to recover the sum of Seventy-Four Dollars ($74.00), the said sum being the value or price of food, care, attendance and accommodation furnished by me for the said animal from the 25th day of May, A. D. 1912 to the 25th day of July, being twenty-four days at the rate of One Dollar ($1.00) per day.

Dated at Edmonton, in the Province of Alberta, this 29th day of July, A. D. 1912.

P. BATSON.

NOTICE

A General Meeting of the Shareholders of Edmonton Interurban Railway Company will be held at the office of Messrs. Bishop, Pratt & Delavalt, at the City of Edmonton, at 3 o'clock in the afternoon on Monday, the 19th day of September, 1912, for the purpose of stating a board of directors.

Dated at the City of Edmonton, this 1st day of August, 1912.

By order of the Board,

H. S. SCOTT.

NOTICE

In the Supreme Court of Alberta, Judicial District, Edmonton, before His Honor Judge Taylor in Chambers, Tuesday the 30th day of July, A. D. 1912.

In the Matter of the Winding-Up Act being Chapter 144 of the Revised Statutes of Canada, and the Amendments thereto.

And

(Signed) J. C. TAYLOR,
J. S. C. A.

Proposals for Electric Lighting Fixtures

Proposals for the Design, Manufacture and Fixing Complete of Electric Lighting Fixtures for the Parliament Buildings, Edmonton, in the Province of Alberta.

Sealed tenders will be received up to 12 o'clock noon, August 31st, 1912, addressed to John Mackie, Deputy Minister of Public Works, and endorsed "Proposals for Lighting Fixtures."

Each tender shall submit with their proposals full particulars and description of the fixtures, and a full number of fixtures and sample fixtures showing workmanship and finish.

Plans and specifications may be obtained upon application to the office of the Provincial Architect, New Parliament Buildings, Edmonton.

All proposals must be accompanied by a marked cheque payable at par, Edmonton, to the Minister of Public Works, to the amount of five (5 p.c.) per cent. of the tender.

Should the contract be awarded the successful bidder will be required to execute a guarantee bond or submit an accepted cheque for the amount of ten (10 p.c.) per cent. of the tender as a guarantee for the fulfilment of the contract.

Cheques of the unsuccessful bidders will be returned within six days after contract is executed.

The right is reserved to reject any or all bids, or waive any defects.

JOHN MACKIE,
Deputy Minister of Public Works.

Dated at Edmonton this 31st day of July, 1912.

THE FINANCIAL AND COMMERCIAL MARKETS

Chicago Grain Market

Chicago, Aug. 5.—Statements that the edge of foreign demand was off had a weakening effect on wheat. The market closed irregular 1-4 lower to 3-8 and 1-2 up. Latest trading left corn unchanged to 1-8 down and ended at a decline of half to 1-2 and 5-8. Although prospective yields were much lighter world's shipments than a year ago, no response came from Europe in anywise to American offers to export wheat. This fact, with North Dakota advices that no harvest was hurt during the crops proved disheartening to bullish speculators. Dread of frost in Canada and reports that rains had stopped Russian harvesting, brought about a show of strength at the outset, but seemed to have nothing to do with a bulge which made the September option conspicuous near the close. A local short interest in that future was covering on a liberal scale, but also was actively decalling December. September, which has relatively fewer than other deliveries, fluctuated from 92 3-4 down to 3-8, with last sales 3-8 and 1-2 up to 93.

An estimate that the hay crop would be largest ever grown exerted a bearish influence on corn.

Cash business was moderate. Oats reached a new low level for the season. Corn weaker, but provisions firm on plentiful supply of hay. There were signs, too, of a rapid increase in receipts.

Winnipeg Grain Market

Winnipeg, Aug. 5.—On the wheat market trading was slow in options, with a weakening tendency. Local early hours, while there was good demand early in the week at advanced figures. The American wheat crop conditions being good and gradually getting out of the danger zone from what has weakened options on all markets, which were also changed at opening, declined later 2 cents for October. On the close there was a slight recovery Friday and 7-8c under Winnipeg October, the distant months were 1-4 to 3-8 higher.

Chicago closed 1-2 higher for September, only 1-8 under for Winnipeg October, December and May 1-4 to 3-8 lower.

The Winnipeg cash demand was good with light offerings and export sales fairly active. Cash closed at an advance and very strong. The sharp advance toward the close of the week was due to reports of very low temperatures on the Canadian prairies, which, closed only 1-8c under Friday's close and fairly steady.

Minneapolis September closed 3-8c over Friday and 7-8c under Winnipeg October, the distant months were 1-4 to 3-8 higher.

Chicago closed 1-2 higher for September, only 1-8 under Winnipeg October, December and May 1-4 to 3-8 lower.

The Winnipeg cash demand was good with light offerings and export sales fairly active. Cash closed at an advance and very strong. The sharp advance toward the close of the week was due to reports of very low temperatures on the Canadian prairies, which, closed only 1-8c under Friday's close and fairly steady.

320 acres, 180 acres in crop, 3 miles from a good railway town. The soil is deep, black loam, clay subsoil. It has a large frame house, good barn, and other buildings on this property and it is located one and a half miles from church and school. There is a side track of the C. N. R. on this property, and grain, etc., shipped right off place. This is an exceptionally good 1-2 section of the very best soil, which is located in one of Alberta's best grain growing districts. Price $30 per acre

160 ACRES

Two and a half miles from a good railroad town. 150 acres can easily be broken. The soil is deep black loam with clay subsoil. Two good wells; place all fenced; one mile to church and school. The buildings on this place are worth at least $1500. There is a large frame house, two story; large frame barn, granary, etc. Price $25.00 per acre, with $1000 cash, and balance to suit the purchaser. This is an exceptionally cheap piece of land at $25.00 per acre. Terms $1000 cash, balance arranged. This is a good level and practically open quarter with little brush.

160 ACRES

Adjoining a good junction town site; 20 acres in crop; 150 acres can easily be cultivated. The soil is a deep black loam with clay subsoil. The place is well fenced and has a good house on it, and one cross-fenced. One and one-half miles from the church and school. Price $25.00 per acre.

320 ACRES

Three and a half miles from a good railroad town, 160 acres of a crop, 210 acres can be cultivated; no brush, deep black clay subsoil, two good wells. Place is all fenced and cross fenced; one mile from church and school. Has a large frame house, six rooms; large stable for 20 head; granary for 6000 bushels; other buildings. Price $25.00 per acre.

320 ACRES

Adjoining the town site of a hustling town of 1600 people; 40 acres in crop 250 prairie; easily be broken. The soil is a deep black loam with clay subsoil. There is a good well on the place. It is fenced and cross fenced. There is a two-story, 7-roomed frame house, stables, granary and other buildings on it. This is an exceptionally good buy. Price $25.00 per acre.

320 ACRES

Six miles from a good town on the C. P. R. This is a choice piece of raw land, no stone, no black clay, deep and on a clay subsoil. There is a never-failing creek running through one of the corners. The land is open prairie and exceptionally adopted to wheat growing and mixed farming. There is a school on one quarter of the land. Price $1000 cash, balance easy terms. We can recommend this as a good buy, as the land is good and is located in a well settled and splendid farming district. Price $15.00 per acre.

MODERN HOUSE

ENGLISH NOBILITY OBJECTS TO SALE OF ART TREASURES

Mythical American Millionaires Used By Dealers to Boost Prices of Antiquities.

PRESS DECLARES THAT NOTHING IS TOO SACRED

But Admits That Present Owners Let Real Treasure Go to Ruin.

London, Aug. 5—The protests of Lord Curzon of Keddleston and Lady Algernon Gerson-Lennox against greedy dealers who are conjuring up mythical American millionaires reported to be eager to buy mantelpieces in old castles and priced ruins in England in order to exact exorbitant prices from patriotic Englishmen who wish to retain those treasures are heartily endorsed by the English press.

The Pall Mall Gazette, after praising Lord Curzon for preserving Tattershall castle from "greedy American invaders," says, referring to the "Globe friend" of the old Reindeer inn at Banbury, which Lady Algernon Lennox was willing to purchase for $42,500, says:—

"This relic is of precious interest to Englishmen. It is now in the hands of dealers who say they have an American customer, but withhold his identity."

The Predatory Millionaire.

The Star says: "Lady Algernon Gerson Lennox's protest against the ravages of English dealers reminds us of the perfidy of the predatory American millionaire, who is always trying to rob us of some national treasure. The British public is always being appealed to, to save the previous thing from his clutches. Years ago it was the elephant Jumbo, before that British nursemaids, which was being gobbled up by the American, Phineas Barnum. The American himself had started the outcry against the purchase, having got some one to write a protest against his action. This started an avalanche.

"Then there was the Rokeby Venus, a painting supposed to be bought by an American millionaires were said to be in full cry after this when an indignant nation stepped in and bought it for the national gallery. Then a cascable art critic came forward with the discovery that the picture was not by Velasquez, but by Del Mazo, another Spanish painter.

Sold to Trolley King.

"Everybody remembers the sale of Rembrandt's Mill, belonging to Lord Lansdowne. The director of the National gallery wrote to the Times offering the treasure to the nation for $500,000, less $25,000. The public did not bite and so the picture was sold to Mr. P. A. B. Widener, the American trolley king, who collects old masterpieces. Mr. Widener gave $750,000 for it.

"And [illegible] sensation took place in 1909, when [illegible] Imperial millionaire would buy Hilbelt's Madonna of Milan, belonging to the Duke of Norfolk, stirred the press. The picture was offered to the National gallery for $300,000."

England's Art Heritage.

The Daily Graphic says: "The whole point is that this business ought not to be legitimate. It ought not to be possible for anyone to destroy a part of the heritage of England by removing from this country objects of art of permanent value.

"The offer was declined. The picture was bought by Messrs. Colnaghi for $150,000. The buyers wrote to the National art collections' fund, stating that they were prepared to sell it to the nation for $750,000 although they has received an offer of a considerably larger sum.

"June fourth, as a result of an appeal to the nation, $360,000 was made and the Holbein was saved. For once the millionaire was foiled, but he still goes on whenever there is anything old which anybody wants to sell; Tattersall castle, Blarney castle, the Cooke room at Banbury, Bunyan's copy of Fox's Book of Martyrs; it is always the same.

"It is a scandal that while we are being scared by the story of American millionaires snapping up old masters, the real antiquities of our country are allowed to go to ruin by their ignorant, selfish owners."

AUSTRALIAN AVIATOR KILLED NEAR BYFLEET

Was Making Flight From Brooklands To Hylleet Aerodrome When Machine Collapsed.

Byfleet, Surrey, Eng., Aug. 3—An Australian Aviator, Charles Lindsey Campbell, was instantly killed this morning by a fall with his aeroplane, while making a flight from Brooklands to the Hylleet Aerodrome. Campbell, who had only recently arrived from Australia, was granted his aviator's certificate by the Royal Aero club of the United Kingdom June 4th. It was his intention to present himself for the position of aviation instructor to the Australian army. After leaving Brooklands early this morning in his Bristol biplane and making a flight toward the Byfleet aerodrome his machine suddenly collapsed and crashed to the ground in the fields adjacent to the aerodrome. His body was found among the debris.

Churchill and Others Coming.

London, Aug. 2—The Yorkshire Post today says that Premier Borden at the conclusion of yesterday's sitting of the Imperial defence committee, formally invited Premier Asquith, Winston Churchill, Right Hon. Lewis Harcourt and Col. Seely to visit Canada during the autumn session of the Dominion parliament. The Post adds that it may be taken for granted that Premier Asquith is not going abroad, but Winston Churchill and the others will probably go next month.

C. P. R. LINER EMPRESS OF BRITAIN, which cut in two and sank the collier Helvetia, off Pame Point last Saturday afternoon, all the crew of the latter being rescued. If the Helvetia had hit the Empress amidships there might have been another Titanic disaster. The Helvetia was carrying her coal and her loss will cost the underwriters at least half a million.

CARELTON CLUB DINES CANADIAN MINISTERS

Distinguished Gathering in Exclusive London Club Which Opens Its Doors For First Time in Its History to Non-members—Bonar Law Proposes Toast.

London, Aug. 2—The Carleton club tonight for the first time in its history, opened its doors to non-members when they entertained to dinner the Premier of Canada and his ministerial colleagues. Among a distinguished company numbering nearly 250, were Lords Selborne, Desborough, Londonderry, Minto and Hardinge, Messrs. Atkinson, Middleton, Henry Chaplin, Speaker Lowther, Sir Max Aitken, D. Master, General Pole-Carew, Sir Henry Kimber, Sir Edward Coates, Major Wigram and Sir Thomas Lawrence. It was considered fitting to signalize their appreciation of the Canadian ministers presence at this juncture by welcoming them, not as strangers, but as brother Britons.

Bonar Law, on rising to propose "Our Guests," declared:

"Although we are members of a political party, it is not as partisans we welcome you. We take no share in Canadian politics and the last thing in the world we should desire is political alliance between the Conservative party in Britain and Canada.

"What is necessary today, said Mr. Law, is co-operation, not only in time of war, but of peace as well. That is why we advocate Imperial preference. We look forward to the time when the self-governing Dominions will share equally responsibility with the empire. The difficulties are great, but not so great as when Hamilton formed the union of the United States. It is a good omen for the empire that the great Canadian leader has come to discuss the question of imperial defence.

"The position of this colleague is one advantage that outside pressure tends to weld together the different parts of the empire.

Premier Borden, in responding, expressed his great appreciation of the club for the honor conferred, and emphasized the work of confederation in Canada, and suggested it might prove a solution and guide in the wider and greater task of imperial consolidation. Speaking on the naval question, he said he would return to Canada with valuable information and would confer with his colleagues upon the proposals and arrive at a result which he believed would work for the strengthening of the empire. He believed the future organization of the empire and the preservation of its world-wide influence depended in no small measure, indeed, upon the attitude of the people of the British isles. (Hear, hear.) "The call would not be too strongly or too firmly upon them. The Dominions of the empire were all ready and willing to enter some bond of imperial organization by which the future work of the empire should be maintained to the full. The people of Canada were determined, as they were at the last election, to keep control of their own destiny. They felt capable of developing their splendid heritage and completing their civilization in such a way as would be worthy of the race (Hear, hear.)

"The people of Canada were not of the type that would permit them to become merely a silent partner in such a great empire. If there was to be imperial co-operation the people of Canada proposed to have a reasonably effective say in that co-operation. He did not doubt that it was the wish of all statesmen in the British empire to accord them that voice." (Loud cheers.)

Duluth Strike to End.

Duluth, Minn., Aug. 3.—Predictions freely were made today that the strike of the freight handlers at the head of the lakes would end before tonight. Conferences held last night and early today all tend to a settlement of the strike.

POUND PER HEAD FOR IMPERIAL NAVAL LOAN.

London, Aug. 3—The Spectator makes the following suggestion: "Each Dominion should contribute to the imperial naval loan a sum equalling one pound per head of the white population, which would provide over the perilous period of the next ten years. This would be a shilpbuilding and not a maintenance loan. The admiralty and imperial defence committee should have the freest possible hand in such a scheme which would put a damper on German competition."

PROTECT U. S. CATTLE RAISING INDUSTRY

Warning Voiced by Officials of Chicago Live Stock Exchange—Cows Now Being Slaughtered.

Chicago, Aug. 3—A warning that something must be done to protect the cattle raising industry in th eU. S. in order to prevent further reductions in the volume of cattle raised, and consequent further advance in beef prices, was voiced yesterday by Chas. S. Jones and other officials of the Chicago live stock exchange.

"Congress or the state legislators must enact legislation soon for the protection of cattle raising in this country or the cattle market will become dangerously tight," said Mr. Jones. "Laws should be passed that would prohibit the slaughtering of young cows and calves in order to further increase the herds."

The members of the exchange make it known that they are ready and anxious to exert their influence to have laws passed along these lines.

PLEADING WITH THE G. T. P.

Believed in Ottawa Railway Will Agree to Operate Superior Junction Section.

Ottawa, Aug. 2—There is no new development respecting the taking over of the Superior Junction section of the Transcontinental railway. The statement emanating from Montreal and crediting the G. T. P. officials with saying that the section is not completed is in the opinion of the government answered by the correspondence of Mr. Lorne Grant, the chief engineer, that it is finished. That official is the arbiter in determining when the road is ready for operation. The commission now has notified the company to that effect. All that has been received is an acknowledgment. There has been no protest. It is thought here that the company will be ready too glad to avail itself of the leasing privileges upon which it has the first call.

Boy Scouts Manoeuvres.

London, Aug. 2—The boy scouts of the county of Kent started this morning to carry out a big scheme of mobilization and communication prepared by Commander Carnegie Galloway, a retired officer of the British navy, and other officers. The operations are to last three days and owing to the general public holiday on Monday, a large number of boys were able to participate. The boys were sent off to watch the south-eastern coast of England in sections extending from New Romney round the foreland to the Isle of Sheppy and their duty is to pass information between the coast and London, between town in the County of Kent and to form lines of communication with adjacent counties.

ENGLISH BEAUTY TO WED SPANISH NOBLE

Engagement Is Announced of Miss Nina Martinez De Hoz to the Marquis of Salamanca, Son of Queen Ena's Lady-in-waiting.

London, Aug. 2—An international engagement of international interest is announced, that of Miss Nina Martinez De Hoz to the Marquis of Salamanca, son of the Countess De Los Llanos, lady-in-waiting to Queen Ena, of Spain.

Miss De Hoz is English born and a great favorite in English sporting circles, where her beauty and grace attract general admiration. She is rather tall and dark with exceptionally handsome eyes, in which she resembles her father, Senor Don Eduardo Martinez De Hoz, who is a very distinguished looking man. She also resembles him in that she is an ardent horse woman and is never happier than when driving her father's well-known fours.

Senor De Hoz is enormously wealthy, deriving a large income from his extensive Argentine estates, where he breeds pedigree horses. He has done much toward improving the standard of South American cattle and has won hundreds of prizes, besides carrying off many of the most coveted trophies of the English turf with horses bred from his own estate. Indeed all the horses in his English stud come from his South American stock farms.

RUSSIA IN TARIFF WAR WITH THE U.S.

Czar Is Preparing For Any Situation Which May Arise When Treaty Lapses.

St. Petersburg, Aug. 3—The Czar's determination to be ready for any situation arising from the lapse of the American treaty in December is illustrated in a striking fashion in the official journal Svenska Taghladt, stating that the discussion between State Secretary Knox and the Swedish Foreign Minister during the meeting of the sovereigns last week, was concerning their future relations in industry and commerce.

"There is no treaty between Russia and Sweden to be renewed and the announcement indicates the Czar's desire to facilitate the importation into Russia of Swedish machinery, electrical appliances, furniture and other products for which America has been receiving a ripeman market.

Similar encouragement was offered to the Germans during the recent meeting of the Czar and Kaiser, so much so, indeed, that the European business world fears the Czar is taking an exaggerated view of the situation.

It is plain that the Czar is willing tending to assist herself and fill her [illegible] chalk, after generously in pockets by challenging an American tariff war. The province of Vitebsk already has declared the refusal of all agricultural machinery from America.

MISS ALICE DREXEL INJURED.

Daughter of Philadelphia Millionaire Hurt in Auto Accident.

Newport, Aug. 3—Miss Alice Drexel, daughter of Mr. and Mrs. John R. Drexel, of Philadelphia, well known in society circles in this city, had a narrow escape from serious injury yesterday when the automobile in which she was riding was struck by an automobile delivery wagon at Bellevue and Wheatland avenues. Miss Drexel was thrown from the machine to the lawn of a nearby house and suffered nothing worse than a shaking up. Her maid, Marie Lagiene, received a slight concussion of the brain, and her chauffeur, Geo. Deachny, had a leg broken besides sustaining other injuries. Mrs. Stuyvesant Fish, who was nearby, called doctors and an ambulance, and the maid chauffeur were removed to the Newport hospital.

U.S. SOLDIERS AND MEXICAN REBELS EXCHANGE SHOTS

Fifty Shots Fired in the Dark, and No One Is Injured.

IDENTITY OF ATTACK IS NOT DISCLOSED

Engagement Took Place Across the River at East El Paso.

El Paso, Texas, Aug 5—About fifty shots were exchanged between United States soldiers and unidentified men from the Mexican side of the river last night in East El Paso. No one was hit and there were no arrests. Three shots were fired from the Mexican side, striking a house belonging to C. H. Cole. After the first three or four shots were heard the soldiers on guard on the American side of the river opened fire toward Mexico. The bullets then came faster from the Mexican side.

After the persons on the Mexican side of the river had fired thirty or forty times, they ceased and the American soldiers went toward the river to investigate. At this moment a posse arrived and started a search of the thick brush growing in the old river bed. None of the men who fired from the Mexican side could be found. The police officers returned, leaving further investigation to the soldiers.

More Brakemen On Trains.

Boston, Aug. 2—In compliance with an order from the state senate the Massachusetts board of railroad commissioners tonight issued recommendations that all freight trains operated on the main line tracks shall be operated on branch tracks for five miles or more, carry at least two brakemen and that all freight trains propelled by two engines for ten miles or more be provided with three brakemen.

NEW C. P. R. DEPOT.

The work of excavating for the foundation of the new Canadian Pacific railway depot on the corner of Jasper and Tenth street is proceeding. The work was commenced directly after the contract was let about a fortnight ago, and is being pushed forward quickly with the idea of having the depot completed by the time the first train crosses the high-level bridge, about the first of January.

The contractors are C. W. Sharp and Son, Winnipeg, who are also building the new C.P.R. offices on Jasper.

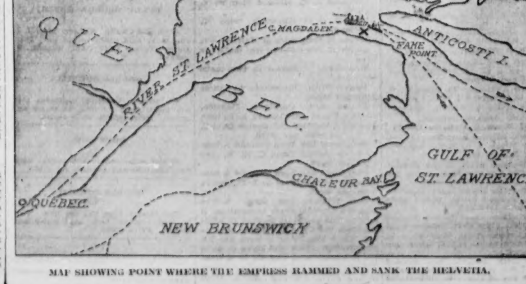
Drowned on N. T. R.

Toronto, Aug. 2—A communication announcing the death of Harry Rogers, by drowning, a son of Alfred Rogers, of Kerwood, Ont., and a nephew of Rev. Thomas H. Rogers, pastor of Emmanuel Presbyterian church, East Toronto, has been received here. The young man who was 20 years old, was a student and was engaged in engineering work on the National Transcontinental railway now under construction.

C. N. R. Toronto to Ottawa.

Toronto, Aug. 3—If construction is carried on along the new line from Sydenham to Ottawa for the rest of the season at the present rate the C. N. will be running freight trains from Toronto to the capital this winter and a passenger service will be in operation early next year. Close on to a thousand men are working on the eighty-four miles of new track, the grading of which is fast approaching completion.



MAP SHOWING POINT WHERE THE EMPRESS RAMMED AND SANK THE HELVETIA.

A Hermit for Five Years

WHAT would make the greatest impression on a man who had been shut away from human intercourse and denied the use of newspapers for five years—what would most forcibly attract his attention—on regaining the society of his fellowmen?

"Well," you say, "he is fairly certain to be interested in learning whether there's been a change of Government."

True, and probably he will show mild excitement if you can tell him there's been a big war in Europe. But it won't be until you get down to a recital of things that come closer to him, personally, that you'll bring him to his feet with eager questioning.

Tell him a mighty empire has fallen, and—so long as it isn't *his* empire—a drop curtain of highly embroidered indifference will mask his face.

But tell him the automobile has been so simplified that he can now buy one for the price of a horse and buggy, and he'll promptly bombard you with questions.

A revolution in China may be a world event, but it wouldn't mean as much to him as the perfecting of a shaving apparatus that would do away with the necessity of purchasing new blades or honing old ones.

If *you* had been a hermit for the past five years, the news of an earthquake in San Francisco wouldn't really mean so much to you as the information that you can now hear any famous opera singer in your own home at a cost of a few cents per hour.

Which is only another way of saying that the phonograph is of more *personal* interest than an earthquake.

You see how it is: Newspapers carry a "news of merchandise" that is just as interesting, just as vital, as the "news of events" which the editors gather for us.

And, since this "news of merchandise" finds its only expression in the form of Advertising, must we not admit that the Advertising columns are quite as worthy of our serious attention as the scariest "scare head" or the most ponderous editorial?

Shut your eyes to Advertising—and you shut out the news of commercial progress and development—the news of things that make life worth the living.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.

Bulletin Daily Record of SPORTING EVENTS

GRAYS DIVIDE DOUBLE HEADER WITH RED DEER

Clayton Wins His Fourth Straight Game Saturday Evening.

FIRST 6—4 FOR RED DEER; SECOND 9—5 EDMONTON

Edmonton Team Devastated by Pestilence, Shows Depleted Ranks.

Considering the dilapidated condition of the Edmonton team it was pretty lucky to pull out a win Saturday evening. The fine hitting of the locals and the good pitching of Clayton were responsible for the victory. The scores were: Morning, 9 to 5 for Edmonton; afternoon, 6 to 4 for Red Deer.

Ford pitched in the afternoon. His work was not of the stellar variety. In the evening Clayton handled the game beautifully, getting his fourth successive win. Ford played a good game at second base.

In the afternoon game Brennan started the contest at second base, but was taken ill and had to retire at the end of the first half of the innings. Clynes came in from the outfield to fill u pthe infield and Clayton went to the left garden. In the seventh Irising White was taken sick, and Sully replaced him. Manager Jackin was in uniform, but unable to play.

In the evening Borleski played third, Ford second base, Dudley short and Isbell first base, and Sully caught.

Sully played a star game, scoring three runs and getting three hits for four times up. In five time up during the day Sully got away with four safeties.

The box scores are as follows:

Afternoon game—

Edmonton	A.B.	R.	H.	P.O.	A.	E.
Borleski, 3b. ..	4	0	0	2	2	1
Dudley, ss. ..	4	0	1	2	3	1

BURNS IN SASKATOON

Saskatoon, Aug. 4.—Tommy Burns, who is now in the city working out daily before big crowds, is in fine shape, according to his own statement. He fully expects to defeat Hyckard and do the comeback stunt. Burns claims that if Johnson really makes up his mind to fight that he is the ultimate champion, and as such will defend the title against all comers. The promoters expect a crowd of between 5000 and 7000.

CANUCK BOAT LOSES

Kenora, Ont., Aug. 4.—The challenger, the Quaker Girl, won the race by 37 seconds over the defender, The Daphne, at the second of the International yacht racing series decided on the lake yesterday morning for the Statford challenge cup presented by the Lake Woods club by Lieut.-Gov. Cameron. The Canadian entry, Daphne, was piloted by A. Caldwell, of Winnipeg. The third and deciding race will be contested on Monday.

FORT ERIE RACES.

Fort Erie, Ont., Aug. 3.—First race, two-year-old handicap, six furlongs—Continental, McCahey, 12 to 1, first; Dunbarton, Grant, 15 to 2, second; Leo Chazen, Lofton, 5 to 2, third. Time, 1:17 3-5.

Second race, four-year-old and up, steeplechase, handicap, short course—Highbridge, Simpson, 7 to 5, won; Lockola, McAfee, 2 to 1, second; Idle Wild, Jilan, 12 to 5, third. Time, 3:59 3-5.

WESTMINSTER WON FROM VANS IN HARD FINISH

Westminster Looks Like Winners of the Silverware This Year.

VANCOUVER WAS OUT PLAYED AT START

Vancouver Game Strong at the Finish and Nearly Won.

Vancouver, Aug. 3.—Throughout three-quarters of saturday afternoon's lacrosse game Westminster played Con Jones' hired help to a standstill. Then for the final quarter Vancouver rallied to a finish that was hair-raising, and came so near turning the scales of defeat into victory that Westminster was heartily glad when it was over. The final score was 5 to 4, with Westminster on the long end and making the Royal City men likely winners of the Minto cup.

Each side scored two goals in the first quarter and played as fine lacrosse as was ever put up. Then the four minutes from the start, Godfrey of Vancouver picked the ball from just behind the Westminster goal, slipped around and flopped it in by reaching over the top from the back. When Westminster scored and back came Vancouver in a lightning play by Nick Carter, to Lalonde, who scored.

No penalties were exacted in the first quarter and when the players came off to rest the Vancouver fans were kicking a good deal at Referee Bert Halstead for allowing rough tactics by Westminster.

Half-time saw Westminster with one in the lead and playing stronger and with more precision than Vancouver. They scored again in the third. At half-time two Vancouver men had been sent off, and when the men walked in the crowd roasted Halstead unmercifully, seemed to lose the desired effect, for the third quarter had not progressed a minute when two Westminster men were benched. Gordon, Spring and Pickering were knocked out at the same moment by Halstead this and the game took a long rest. Spring recovered, but Pickering had a dislocated shoulder had to be replaced by Cummins.

A Hard Attack

In the final Vancouver started the most effective attack ever seen on the local field. There were twenty minutes of wonderful lacrosse. So tightly did the Vancouverites close around the Westminster goal that the vancouver defence forgot himself and a Westminster runner with a good start carried the ball up field and a scrim followed. Then Vancouver got busy with two goals literally forced in by overpowering weight in the 19 to 20 minutes Vancouver made a half-dozen rushes on the Westminster lines, but all but overwhelmed the tired Royal City players, who were praying for the bell.

Vancouver's defence is much inferior to Westminster's. That is the only difference between the teams and it required far greater skill and effort for Vancouver to score than for Westminster. The big crowd gave the visitors lots of applause, which is significant in view of the recent mix-up.

First quarter—5, Vancouver, Godfrey, 1:37; 5, Westminster, G. Spring, 4:21; 5, Vancouver, Lalonde in 5:55; 6, Westminster, Spring, 6:40; 6, Vancouver, 7:30; no penalties.

Second quarter: 5, Westminster, G. Kennin in 5:30. Score at half-time: Westminster, 2; Vancouver, 2.

Third quarter: 6, Westminster, C. Spring in 4:45. Score at end of third quarter: Westminster 4, Vancouver 2.

Penalties: Griffith, Vancouver, five minutes; Lalonde, Vancouver, 10 minutes; Gen. Kennin, Westminster, 3 mins.; Gifford, Westminster, 10 mins.

Fourth quarter: 5, Westminster, G. Spring in 7 mins.; 6, Vancouver, Lalonde, in 7 mins.

Final score: New Westminster, 5; Vancouver, 4.

BOOSTERS ARE LOSING WITH GREAT EASE

Calgary Team Pulls Off a Triple Steal Fourth Innings.

CHESTY COX SENT FROM THE DIAMOND

Gelvin Was Wild—Game Was Poor—The Score Was 7 to 5.

Calgary, Aug. 4.—(Special.)—The local nine took another game from the Bassano team on Saturday afternoon by the score of seven runs to five. The local team played all around the visitors and were materially helped by one Mr. Gelvin, who, like his team mate, Davidson, still holds a warm spot in his heart for Calgary. Gelvin passed ten men to Chesty Cox and hit another. He forced in two runs by his wildness. Chesty Cox pulled one that made him no friends, when he was ordered off the field by Umpire Longenecker. Chesty refused to go at first and kept up a volley of remarks that were in no way appreciated by his mates or the spectators. Chesty was finally led off his lofty perch and got off light. The feature of the game was the triple steal worked by the locals in the seventh, with the bases full. O'Brien on third dangled home, while Gelvin was holding the ball. Gelvin did not wake up until O'Brien was just sliding into the plate. The box score was as follows:

Calgary	A.B.	R.	H.	P.O.	A.	E.
Piper, cf.. ..	4	0	1	1	0	0
O'Brien, c.. ..	4	1	1	6	0	0

Gelvin, p.. ..	2	1	0	0	2	0
Totals.. ..	28	5	5	21	10	2

Score by innings:

Bassano.. ..	0	1	3	0	0	1	0	4	— 5
Calgary.. ..	1	0	0	0	1	0	1	4	— 7

Summary

Three-base hits—Mills.

Two-base hits—Dean, Piper, Reddick (2), Raymond.

Struck out—By Standridge, 6; by Gelvin, 3.

Bases on balls—Off Standridge, 3; off Gelvin, 10.

Sacrifice hits—Streib.

Stolen bases—Briton, Flanagan (2), Dean, Roche, Pease, Raymond.

Hit by pitched ball—Roche.

Wild pitches—Gelvin.

Passed balls—Reported to Reddick; O'Hayer to Raymond, Vivian to Streib, Standridge to O'Brien to Streib.

Left on bases—Bassano, 2; Calgary, 4.

Time of game—1:40.

Umpire—Longenecker.

Bassano in Trouble

Bassano is in trouble over Pitcher Hays. Chesty Cox sold him to Cincinnati a month ago, but later developments show that he was not the property of the Bassano club. He is the property of the Spokane club, and Secretary Farrel has given his decision on the matter that the purchase price, $2000, must be paid to Spokane instead of Bassano by Cincinnati, the purchaser.

The claim of the Spokane club is that they were given preference over the sale of a player to Cincinnati. An agreement filed June 9 called for the pick of the Bassano team by Spokane, or the return of the former Spokane recruits. Bassano did actually sell Hays to Cincinnati, but the sale is invalid owing to Spokane having previously filed on the W.C.L. twirler.

CANADIAN HENLEY

St. Catharines, Aug. 3.—The second day of the Canadian Henley was pulled off under much more favorable weather conditions. The course was not like a sheet of glass, Toronto was flagging the wilder of the lake's shield of shields. The Argo Olympic eight had an easy time in the senior events, Ottawa was second and Detroit third.

Intermediate double—Final: 1, Don R. A., Peterboro, New York A. C., Time, 9:47 :15.

Junior eight—Final: 1, Argos, Toronto; 2, Argos, Toronto; 3, Britannia, Ottawa. Time, 9:22 3-5.

Intermediate single—Finals: 1st, Robert Dibble, Don R. C., Toronto; 2, L. A. Peterson, New York A. C. Time, 10:56 3-5.

Senior eight—Final: 1, Argos, Toronto; 2, Don, Toronto; 3, Hamilton. Time, 7:35.

Intermediate fours—Final: 1, Don R. C.; 2, Argos; 3, Hamilton R. C. Time, 8:24 4-5.

Senior sights—Final: 1, Argo R. C.; 2, Ottawa R. C.; 3, Detroit R. C. Time, 7:13 2-5.

Senior singles—Final: 1, Dore, Dibble; 2, Argos, Butler; 3, Mutual R. C., Buffalo, Sheehan dropped out. Time, 10:17 3-5.

Senior doubles—Final: 1, Dons, Wilkie and Carter; 2, a row over.

C. C. A. REGATTA

Toronto, Aug. 3.—Winnipeg intermediate tandem entry in the C. C. A. regatta here today showed their class by defeating Britannia, of Ottawa, and Kew Beach, Toronto, the results being: Intermediate single—1, Walter Reid, T. C. C., 2, Roy Leavens, T. C. C.; 3, C. Pratt, Toronto R. C. Time, 8:31 1-5.

Seniors single—1, Mackenzie T. C. C., 2, K. Kelly, O. T. A., 3, Ireland, L. A. Time, 8:08 1-5.

War canoe, half mile—1, T. C. C.; 2, Grand Forks; 3, New Edinburgh.

Intermediate tandem—1, Winnipeg; 2, Britannia R. C.; 3, Kew Beach.

Junior eights—1, Argo R. C.; 2, Ottawa H. C.; 3, Detroit R. C. Time, 7:15 3-5.

Senior doubles—Don won, Argos withdrawing. Don simply rowed over the course.

Junior fours—1, Winnipeg; 2, Parkdale C. C.; 3, T. C. C.

Senior tandem—1, T. C. C.; 2, Grand Trunk; 3, T. C. C.

ALL IS READY FOR BIG BOUT THIS EVENING

Hayes Declares He Is In Best Shape He Has Ever Known.

MICKEY RYAN AND SMITHERS TO BOX

Seating Arrangements Are Perfect—Bout Starts at 9.45.

Hayes declares he was never in better shape than he is for the bout this evening. He has trained faithfully and is looking forward to the match with confidence in his ability to beat scaler. "I will be in it strong all the time," he said last night, "and going better as the finish than at the start."

Scaler knows of no fear of his ability to beat his opponent. He believes Hayes will not succeed in staying the entire route.

Arrangements have all been made for the big baseball game will not be played in the afternoon and as soon as it is over the seating arrangements will be turned loose on Diamond park and the stage and ring arena completed by 8 in the evening. The seating arrangements will be even more commodious than for the Scaler-Fotie bout, as the advance sale of tickets has been heavier. Seating accomodation for 6,000 people will be available.

The stage and lighting will be the same as for the Scaler-Iotte bout. Mickey Ryan, who will referee the main event and the Ryan-Smithers bout, Ehlyn is well known in the city, and nearly all the fans have perfect confidence in his ability as an umpire.

The big preliminary bout has attracted a lot of attention. Mickey Ryan is well known in the city, having boxed and beaten Devereaux, Eddie McFinn and other good boxers. Smithers has a record good enough for any class. That bout should be an exceptionally good one.

The sale of tickets at the Yale hotel and at Diamond park pool room will stop at 7:30 this evening sharp. After that they may be secured at the grounds. The first bout will start at 9:30 and the main event at 9:45.

AROUND THE CITY

Al. Cameron, formerly of this city and more recently of Saskatoon, has returned to Alberta and has just put through a deal for the purchase of the Mansion House at Fort Saskatchewan. The former owner was Wm. Cameron, late of Edmonton.

SOCIAL AT ERSKINE CHURCH

The ladies of Erskine church are having an ice cream social on Wednesday, Aug. 7, beginning at 7:30 p.m. Music will be furnished by the Pipers band. The social will be held on the grounds at the corner of Kinross street and Alberta avenue.

F. S. SPENCE SPEAKS IN CITY.

F. S. Spence, ex-comptroller of the city of Toronto, delivered three addresses on Sunday. Mr. Spence is one of the best known temperance lecturers in the Dominion and spoke to crowded auditoriums at each service. In the morning he occupied the pulpit of Metropolitan church. The Opheum theatre was filled to the doors in the afternoon to hear Mr. Spence's temperance octure and witness the moving picture film. In the evening of Alcohol." Mr. Spence concluded the day by occupying the pupit of Mc-Dougall Methodist church in the evening.

RETIRING FOREMAN HONORED.

On August 1, E. H. Garrard, who for the past six years has been foreman of the Bulletin, severed his connection with this paper to accept a position in the Attorney General's department as license inspector of the city. Last Saturday afternoon the Bulletin employes, as a mark of the esteem in which Mr. Garrard has been held by all his former workers, presented him with a handsome gold watch, suitably engraved, accompanied by an address. Mr. Garrard replied briefly, thanking the donors for their gift and expressing good wishes and stating that he would always regard his associations in the Bulletin office as among the most pleasant of his life.

HOUSING OF PHYSICIANS.

Local doctors have issued an appeal to Edmonton citizens to come forward and help in the solution of the housing problem in so far as it affects the convention of the Dominion Medical association here next week. It is expected that there will be nearly five hundred doctors in the city for the week of the convention, and as the Edmonton exhibition is on during the same week, it is feared that there will be great difficulty in finding accommodation for all the visitors in the city.

On the other hand, Lieutenant Inspector McCallum, to whom rooming house keepers, renters and sub-renters must apply for a license as of the 1st inst., is of the opinion that it will be found that the various rooming houses in the city will be able to take care of a great number of visitors. According to him, the rooming houses are doing a capacity business at present, owing to the great number of renters. Although the number of houses in the city has increased since spring, the number of families that are coming still, has not diminished. This is no doubt, due to the fact that many prefer the discomforts of renting to paying the prices asked for rooms and houses.

EDMONTON MAN APPOINTED.

William Richardson, of This City, Is Chosen as Deputy Collector of Inland Revenue.

Ottawa, Aug. 4.—William Richardson, of Edmonton, has been appointed deputy collector of inland revenue (Class B) in the Calgary inland revenue division.

Peter Joseph Fegen, of Winnipeg, has been appointed third class excise officer on probation in the Winnipeg division from July 1st.

Roy Stewart Clement, of Victoria, B. C., has received a similar appointment in the Victoria division.

FATAL SUNDAY MORNING DROWNING ACCIDENT

Walter Mason Lost His Life in the Namayo River in Full View of Companions—Efforts Fruitless—Rescue Fails—Boy's Parents Live at Onoway.

Walter Mason, age 17, was drowned in the Namayo river about ten o'clock Sunday morning. The boy went to his death in full view of about half a dozen companions who were almost powerless to aid him.

Earl Samis made an heroic attempt to save Mason's life but was nearly drowned in the attempt. Samis seized Mason by the hair of his head when he went to the aid of the drowning boy and was pulled under water. Had it not been for the aid of his companions, he would also have been drowned.

Mason's home is at the corner of Alberta and Namayo avenue but his parents are on a homestead 70 miles north of Onoway. On Saturday he went out to Namayo with David Elliott and other Norwood people to spend the week end at the camp of some friends. Included in the party where he was staying were Earl Samis and Chas. and William McFarlane. The camp was situated about one mile north of Namayo post office. The scene of the drowning accident was about a mile and a half further west.

Went to River to Bathe.

On Sunday morning about 10 o'clock the young men all went into the river to bathe. At this point the river is about 20 feet wide and eight feet deep. Samis, who was able to swim, waded in first and swam across the river. Walker immediately followed and was apparently ignorant of the depth of the river, and he could not swim a stroke. In a moment he was beyond his depth and sank. He called for help, but was unable to get his head above water. Samis reached out and was clutched by the frantic boy, almost losing his own life.

The campers and others at once made every effort to locate the body and bring it to the surface but were unsuccessful. The search party continued its efforts all Sunday but by nightfall the body was still missing. The search will be continued today and it is expected that the body will be recovered. A wire setting has been placed at the rapids about a mile further down the river, that the body may be caught if it is carried along by the current. A message has been sent to the dead boy's parents, Mr. and Mrs. George Mason, at Onoway, notifying them of their son's death.

CORRESPONDENCE

WILL BE SUFFICIENT POWER.

Editor Bulletin:

Sir—Would you be good enough to publish the enclosed letter from the superintendent of the street railway department, regarding street car service as it will be during exhibition week.

On reading the article appearing in the Edmonton Daily Capital on Thursday, August 1st, headed "Street Car Service May Lack Power During Exhibition Week," the city commissioners will think they should depart from their usual custom and ask the superintendent of the street railway to submit to them a statement of the actual condition of affairs in order to undo the wrong impression that may be given to the outside visiting public in this matter. Yours truly.

—City Commissioners.

Per G. S. Armstrong, Mayor.

I have read with surprise the article in the Edmonton Daily Capital on Thursday, August 1st, 1912, headed "City Car Service May Lack Power During Exhibition Week."

The statement made in this article that the motor generator has not yet arrived is correct, but the conclusions which have been drawn are absolutely wrong.

The motor generator set ordered from the Canadian Westinghouse company some months ago has not yet arrived, although it has been shipped from Hamilton several weeks ago. It was due to arrive in Edmonton on Saturday last, and it is expected at any time. The Canadian Westinghouse company have three experts here ready to work continually on this machine as soon as it arrives, and there is no doubt whatever that once the machine has been delivered at the power house, it will only take three days to have it erected. The foundations are completed, as well as all accessories necessary to put the machine in operation.

The heavy copper feeder which is to carry the direct current power for this machine to the East end is now being erected, and will be completed in two day's time.

There is no reason whatever that this machine should not be working in plenty of time for the exhibition.

However, even if the unforeseen should happen and this machine did not arrive in Edmonton, the car service during the exhibition would be a good one. There has been operated on the city car lines during the past week as many as thirty-seven cars without any undue strain on the power plant equipment. The total number of cars which the department have at the present time is forty-five, and if all these cars were operated during the exhibition it would only mean that the power plant would have to carry eight cars more than they have been in the past.

I wish to make this point clear, that the car service during the exhibition week will be as good as the number of cars owned for this department will allow.

The new motor generator will be working and every car will be run during that week.

(Signed) —W. T. Woodroffe, superintendent.

TORONTO PASTOR IN EDMONTON PULPIT

Rev. A. Logan Geggie, of Parkdale Presbyterian Church, Will Preach in First Presbyterian Church in Edmonton For the Sundays of the Month of August.

Rev. A. Logan Geggie, pastor of Parkdale Presbyterian church, commenced a month's occupancy of the First Presbyterian pulpit yesterday, Edmonton First church is to be congratulated upon securing, as an excellent supply for the month of August during the absence of its regular pastor, Mr. Geggie is recognized throughout Canada as one of the strongest and most virile preachers of the Presbyterian church in the Dominion. He preached to large congregations at both services, the evening gathering taxing the capacity of the church.

His evening text was taken from St. Matt. 9:9. His remarks were based on Christ's words: "He saw a man," referring to Matthew when chosen as one of the disciples. The application of the word "man" was dwelt on at considerable length. The speaker pointed out that in the eyes of the Jews, Matthew was regarded as an outcast publican, a renegade and a grabbing tax-collector. The Saviour came along and immediately saw the true worth of the future Apostle, seeing through the outer mask to the inmost soul and seeing a "man" in every sense of the word.

Mr. Geggie pointed out that people are prone to deal with the trappings of life and worldly clothes. The practical attitude is that of Jesus Christ looking behind and seeing the man. Matthew was referred to as the prodigal son of godly parents and the skeleton in a family name. He might have died a rich publican but he preferred to die a poor preacher.

DIED FROM STARVATION.

Seventy Year Old Woman Found in a Heap of Rags in a Montreal Residence.

Montreal, Aug 1.—Mrs. Alice Flynn, seventy years of age, said to be a widow, was found dying from starvation on a heap of rags in a bare apartment on the fourth floor of a house on Montcalm street. The aged woman was discovered by Father Lavoie, of St. Jean Baptiste church, while making the rounds of the parish. There was not a bed nor a chair nor a piece of furniture in the room. The woman was taken to the general hospital where she died.

SOVEREIGN GRAND LODGE IN WINNIPEG

Third Meeting of Odd Fellows' Legislative Body Held Under Union Jack—Representatives of Every Province in Canada and Every State Will Attend.

Edmonton Odd Fellows are very much interested in the forthcoming meeting of the Sovereign Grand Lodge of the order to be in Winnipeg during the week of August 11th. This will be the third occasion since the institution of this great legislative body that the convention has been held under the Union Jack. In 1835 and 1865 the sessions took place in Toronto. The gathering is admittedly the largest convention held in the world when representatives and visitors from every state in the Union and every province in the Dominion and from over the seas meet, legislator also one over 2,000,000 men and women being discussed.

The Winnipeg committee have been at work for nearly two years preparing and at the present time the finishing touches for the monster gathering's entertainment are being added. The railroads have announced an exceptionally low rate of single fare plus 25 cents (convention plan) for the round trip. The going dates being September 7th to 12th, return limit October 31st. From points within a radius of 200 miles, special excursion rates will be effective and trains will be run to Winnipeg the parade day, September 12th. This parade will move through the city via Broadway, Main to Higgins, Higgins to Portage to Kennedy street. The committee estimate a monster strength of from 12,000 to 15,000 men. The prize list for decorations is the largest ever given, upwards of $10,000 in cash being offered. Entries close September 1st.

The estimated cost ($20,000) for entertainment has been contributed solely by the Odd Fellows of Western Canada.

The Sovereign Grand Lodge met in Indianapolis last year, and it was estimated that upwards of 100,000 people were drawn to that city. While the arrangements were good there the Winnipegers feel that they will be the Indianapolis brethren one better. His Honor Judge Myers is chairman, and H. D. Deering, grand secretary of Manitoba, is secretary.

STILL TALK OLYMPIC GAMES.

Noted Canadian and Former Member of Parliament Gives His Opinion on the Question.

London, Aug. 4.—The discussion of England's position with respect to the olympic games was made a feature of the Sunday papers. L. C. Lyemann, a noted oarsman, and a former member of the House of Commons, in an interview said, that it was impossible for England to continue to be represented at the games which were not conducive to true sports, but tended to international friction. He deprecated the idea of copying America methods; specialization would mean making sport a profession. He pronounced the ideal games as a recreation.

LLOYDMINSTER FAIR SPLENDID SUCCESS

Great Increase in Live Stock Entries—Both Horses and Cattle Sections Show Marked Improvement Over Former Exhibitions—Annual Athletic Sports.

Lloydminster, Aug. 3—The eighth annual exhibition of the Lloydminster Agricultural association, held on Wednesday, was a great success in every sense of the word. Especially was this the case regarding the phenomenal increase in live stock entries, which filled sixteen pages of a good sized catalogue and totalled close on to five hundred separate entries.

The horse classes were especially well filled and not only was there a marked improvement in the numbers, but also in the quality of the animals exhibited over those of previous years and from present indications the Lloydminster district bids fair to become in a short time one of the foremost centres for the raising of pedigree live stock throughout the prairie provinces.

W. Madge, of Innisden, who acted as judge in the horse section, was loud in his praise of the interest shown by the exhibitors, and predicted a period of growing prosperity for the horse breeding industry in this district.

The cattle section also showed a big improvement over former years and it is very evident that many of the farmers around Lloydminster are alive to the fact that the raising of any old rough grade animal is not a profitable enterprise. Splendid showings of Holsteins, Polled Angus, Herefords, etc., were made, some of the veriest animals especially testifying to the improvement which is taking place in the local cattle industry.

Pigs, sheep, poultry, dogs, etc., were well represented, some exceedingly fine animals being shown in the former section.

Garden Produce Showing.

Considering the unfavorable conditions obtaining here in the early spring, the showing of garden produce was highly creditable, and the judges had quite a difficulty in many cases in awarding the prizes. The competition for the best collection of vegetables in the show, together with Steele Brigg's special, was carried by C. Tordwell, editor of the Lloydminster times, included in which collection was a showing of asparagus sprouts, which aroused a great deal of interest.

Mrs. Kelsey carried off the first prize for the best collection of house plants, but was hard pressed by Mrs. Huxley's fine collection.

Ladies' work, and the various domestic classes were well filled and up to the usual high standard attained at this eagerly-looked-for annual event.

President H. C. Lisle and his hard-working executive are to be congratulated on the success which attended the fair, a good deal of which, especially the increased interest in field and stock entries, is largely attributable to the energy of the secretary-treasurer, Mr. Harold Hosley, who worked night and day to make the fair a success.

Athletic Sports.

The annual sports of the Amateur Athletic association was held on Thursday, the day following the fair, when a record crowd assembled to watch the various interesting events pulled off.

The baseball tournament provided a rather easy win for the Manville champions, who won against all comers. In the morning Paxton 8 and Vermilion 2 tried conclusions, while Manville 14 and Lloydminster 7, occupied the diamond in the afternoon. The final game at night was well contested, Manville managing to nose out Paxton by a score of 9 to 7.

The football match for $150 was won by Marshall from Lloydminster by a score of three goals to two, although Slick Gee and Billy Whitehead came down fro mMidmonton to assist their old club team.

The running and track events were well contested and a capital day's sport was thoroughly enjoyed.

Pope to Receive Legacy.

Rome, Aug. 4.—The local newspapers say the Pope will receive a legacy of a million marks ($232,000) from the estate of the late Cardinal Anthony Hubert Fischer, of Cologne.
